American Board of Forensic Anthropology

American Board Of Forensic Anthropology

Douglas H. Ubelaker

American Board Of Forensic Anthropology:

Fundamentals of Forensic Anthropology Linda L. Klepinger, 2006-07-14 An essential foundation for the practice of forensic anthropology This text is the first of its level written in more than twenty years It serves as a summary and guide to the core material that needs to be mastered and evaluated for the practice of forensic anthropology The text is divided into three parts that collectively provide a solid base in theory and methodology Part One Background Setting for Forensic Anthropology introduces the field and discusses the role of forensic anthropology in historic context Part Two Towards Personal Identification discusses initial assessments of skeletal remains determining sex age ancestral background and stature and skeletal markers of activity and life history Part Three Principal Anthropological Roles in Medical Legal Investigation examines trauma the postmortem period professionalism ethics and the expert witness and genetics and DNA The critical and evaluative approach to the primary literature stresses the inherent biological constraints on degrees of precision and certainty and cautions about potential pitfalls The practical focus coupled with theoretical basics make Fundamentals of Forensic Anthropology ideal for upper level undergraduates and graduate students in biological anthropology as well as forensic scientists in allied fields of medical legal investigation

Forensic Anthropology Megan B. Brickley, Roxana Ferllini, 2007 This important new text contains the first collection of forensic anthropology case studies to be published from Europe Forensic Anthropology Case Studies From Europe aims to highlight recent developments in the discipline within Europe and to allow comparisons to be made between work done in various European countries and the Americas This book is comprehensive with nineteen contributors providing case studies from recent work undertaken across twelve European countries including three chapters covering the work of forensic anthropologists in cases that involve human rights issues in the Balkan region The book not only highlights the history and development of forensic anthropology in Europe but also illustrates the diversity of work the different academic backgrounds of those practicing in the field and the different approach that they have towards the work that they undertake making this book unique In addition to covering the work undertaken in a number of European countries the case studies presented cover a range of issues dealt with by forensic anthropologists from around the world including stab wounds blunt force trauma gunshot wounds dismemberment burning personal identification including issues relating to the investigation of ancestry in European investigations juvenile human remains the work of forensic anthropologists in unsolved cases and work undertaken to eliminate discoveries of human remains from police investigations The final chapter of the book explores new developments in the field of forensic anthropology with gait analysis and facial recognition of a living individual based on analysis of CCTV footage This book is primarily designed for students of forensic anthropology and those engaged in forensic anthropological work in various areas of the world Each chapter contains clear up to date references and a full discussion of the techniques applied which also make this book accessible for the nonspecialist reader

The Forensic Anthropology Laboratory Michael W.

Warren, Heather A. Walsh-Haney, Laurel Freas, 2008-05-09 While other books cover general topics and various subsets of forensic anthropology this one of a kind reference compiles the best practices of policies procedures and protocols of different laboratories across the world This book brings together experts in every aspect of forensic anthropology to consider physical plant demands equipment needs staffing ethical issues and the process of certification with the American Society of Crime Laboratory Directors With examples of implementation The Forensic Anthropology Laboratory also provides discussion of proven methods in skeletal preparation laboratory flow and specimen curation including processing logs and sample forms

Forensic Anthropology Rebecca Steffoff, 2011-01-15 Takes young readers inside this fast growing field showing them how crime scene investigators and forensic specialists gather evidence solve crimes and even liberate innocent people who have been mistakenly imprisoned Forensic Anthropology Angi M. Christensen, Nicholas V. Passalacqua, Eric J.

Bartelink, 2019-07-19 Forensic anthropology has seen a recent expansion in depth and scope as well as increased attention from the media and the legal system This constantly evolving science requires a comprehensive introductory text that approaches forensic anthropology as a modern discipline with attention to theory as well as recent advances in research technology and challenges in the field Forensic Anthropology Current Methods and Practice 2nd edition approaches forensic anthropology using current practices and case studies drawn from the varied experiences backgrounds and practices of working forensic anthropologists This text guides the reader through all aspects of human remains recovery and forensic anthropological analysis It presents principles at a level that is appropriate for those new to the field while at the same time incorporating evolutionary biomechanical and other theoretical foundations for the features and phenomena encountered in forensic anthropological casework Attention is focused on the most recent and scientifically valid applications commonly employed by working forensic anthropologists Readers will learn about innovative techniques in the discipline and aspiring practitioners will be prepared by understanding the necessary background needed to work in the field today Instructors and students will find Forensic Anthropology Current Methods and Practice 2nd edition comprehensive practical and relevant to the modern discipline of forensic anthropology Focuses on current methods advances in research and technology and recent challenges in the science of forensic anthropology Addresses issues of international relevance such as the role of forensic anthropology in mass disaster response and human rights investigations Includes chapter summaries topic oriented case studies keywords and reflective questions to increase active student learning
