by Frederick Douglass

Frederick Douglass, *War and Peace*

The American Civil War lasted from 1861 to 1865 and was the result of a conflict between northern states and southern states. The war was fought over the issue of slavery. The North wanted to end slavery, while the South wanted to keep it. The war was fought between the Union (North) and the Confederacy (South). The Union won the war, and slavery was abolished.

In the early 1800s, large farms called plantations were the main source of food for the South. Cotton was the most important crop grown on the plantations. As a result, cotton plantations multiplied throughout the region. Some of the South's best cotton was grown on plantations in the South. The South used a lot of slaves to work on the plantations. Slaves were treated very badly on the plantations. They were forced to work long hours and were not paid for their work. Some slaves were even sold to other plantations. The South's economy was based on slavery. Without slavery, the South's economy would have collapsed.

**God's Almost Chosen Peoples** George C. Rable, 2010-11-29 Throughout the Civil War soldiers and civilians on both sides of the conflict saw the hand of God in the terrible events of the day but the standard narratives of the period pay scant attention to religion Now in *God's Almost Chosen Peoples* Lincoln Prize winning historian George C. Rable offers a groundbreaking account of how Americans of all political and religious persuasions used faith to interpret the course of the war Examining a wide range of published and unpublished documents including sermons official statements from various churches denominational papers and periodicals and letters diaries and newspaper articles Rable illuminates the broad role of religion during the Civil War giving attention to often neglected groups such as Mormons Catholics blacks and people from the Trans Mississippi region The book underscores religion's presence in the everyday lives of Americans north and south struggling to understand the meaning of the conflict from the tragedy of individual death to victory and defeat in battle and even the ultimate outcome of the war Rable shows that themes of providence sin and judgment pervaded both public and private writings about the conflict Perhaps most important this volume the only comprehensive religious history of the war highlights the resilience of religious faith in the face of political and military storms the likes of which Americans had never before endured *Practical Christian Sociology* Wilbur Fisk Crafts, 1895 **Practical Christian sociology, lectures** Wilbur Fisk Crafts, 1895 ["The" Medical Times and Gazette](#), 1871 **The Medical Times and Gazette a Journal of Medical Science**, 2023-03-27 Reprint of the original first published in 1871 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost **Iberia and Latin America** Francis
