The Precarious Generation Judith Bessant, Rys Farthing, Rob Watts, 2017-05-08. This book draws on a wealth of evidence including young people's own stories to document how they are now faring in increasingly unequal societies like America, Britain, Australia, France, and Spain. It points to systematic generational inequality as those born since 1980 become the first generation to have a lower standard of living than previous generations. While governments and experts typically explain this by referring to globalization, new technologies, or young people's deficits, the authors of this book offer a new political economy of generations which identifies the central role played by governments promoting neoliberal policies that exacerbate existing social inequalities based on age, ethnicity, gender, and class. The book is a must read for social science students, human service workers, and policy makers, and indeed for anyone interested in understanding the impact of government policy over the last 40 years on young people.

America in the Age of Trump Douglas E. Schoen, Jessica Tarlov, 2017-07-04. *America in the Age of Trump* is a bracing essential look at the failure of a great nation to meet the needs of its people and the challenges of the age, and the resulting collapse of public trust in government as well as a pervasive crisis of national values, from broken families to a loss of faith in the American idea itself. This crisis of values occurs just as the country faces an unprecedented array of fiscal, economic, social, and national security challenges out of control: federal spending, frighteningly large deficits, massive gaps of income and opportunity, cultural division, and a dangerous world in which American power seems increasingly incidental. In *America in the Age of Trump*, Douglas E. Schoen and Jessica Tarlov offer a definitive and unique assessment of a nation in turmoil, looking beneath well-known problems to identify underlying yet poorly understood causes. Readers will confront the crises one by one: of trust, values, and governance; of education, economic opportunity, and fiscal solvency; of national security, domestic tranquility, and race relations. *America in the Age of Trump* gathers in one place a clear and comprehensive evaluation of the fundamental issues confronting the American future while offering bold, fresh approaches to meeting these challenges. Other books have described the specter of American decline, but none has been so comprehensive in its diagnosis or forward-looking and non-ideological in its remedies, explaining how we might yet overcome national self-doubt to reclaim our traditional optimism, reassert our place in the world, and secure a prosperous future for our citizens.
