Teaching and learning through Hollywood or commercial film productions is anything but a new approach and has been
something of a mainstay in the classroom for nearly a century Purposeful and effective instruction through film however is
not problem free and there are many challenges that accompany classroom applications of Hollywood motion pictures In
response to the problems and possibilities associated with teaching through film we have collaboratively developed a
collection of practical classroom ready lesson ideas that might bridge gaps between theory and practice and assist teachers
endeavoring to make effective use of film in their classrooms We believe that film can serve as a powerful tool in the social
studies classroom and where appropriately utilized foster critical thinking and civic mindedness The College Career and Civic
Life C3 framework represents a renewed and formalized emphasis on the perennial social studies goals of deep thinking
reading and writing We believe that as teachers endeavor to digest and implement the platform in schools and classrooms
across the country the desire for access to structured strategies that lead to more active and rigorous investigation in the
social studies classroom will grow increasingly acute Our hope is that this edited book might play a small role in the larger
project of supporting practitioners specifically K 12 teachers of United States history by offering a collection of classroom
ready tools based on the Hollywood or History strategy and designed to foster historical inquiry through the careful use of
historically themed motion pictures The book consists of K 5 and 6 12 lesson plans addressing the following historical eras
