looks at the concepts of the divine in the Greek magical papyri by way of a careful and detailed analysis of ritual practices and spells Her aim is to uncover the underlying religious philosophical and mystical parallelisms and influences on the Greek magical papyri She starts by examining the religious and philosophical concept of the personal daimon and the union of the individual with his personal daimon through the magico theurgic ritual of systasis She then goes on to analyze the religious concept of paredros as the divine assistant and the various relationships between paredros the divine and the individual To round off she studies the concept of the divine through the manifold religious and philosophical assimilations mainly between Greek Egyptian Hellenized gods and divine abstract concepts of Jewish origins **Rituals in Early Christianity**

,2020-10-12 Based on the paradigmatic shift in both liturgical and ritual studies this multidisciplinary volume presents a collection of case studies on rituals in the early Christian world After a methodological discussion of the new paradigm it shows how emblematic Christian rituals were influenced by their Greco Roman and Jewish contexts undergoing multiple transformations while themselves affecting developments both within and outside Christianity Notably parallel traditions in Judaism and Islam are included in the discussion highlighting the importance of ongoing reception history Focusing on the dynamic character of rituals the new perspectives on ritual traditions pursued here relate to the expanding source material both textual and material as well as the development of recent interdisciplinary approaches including the cognitive science of religion **Drawing Spirit** Jay Johnston,Iain Gardner,2022-12-05 A pioneering interdisciplinary study of the art production and social functions of Late Antique ritual artefacts Utilising case studies from the Graeco Egyptian magical papyri and the Heidelberg archive it establishes new approaches provides a holistic understanding of the multi sensory aspects of ritual practice and explores the transmission of knowledge traditions across faiths A Century of James Frazer's The Golden

Tully, 2024-11-21 This multidisciplinary volume examines the ongoing effects of James G Frazer's *The Golden Bough* in modern Humanities and its wide ranging influence across studies of ancient religions literature historiography and reception studies The book begins by exploring the life and times of Frazer himself and the writing of *The Golden Bough* in its cultural milieu It then goes on to cover a wide range of topics including ancient Near Eastern religion and culture Minoan religion and in particular the origins of notions of Minoan matriarchy Frazer's influence on the study of Graeco Roman religion and magic Frazer's influence on modern Pagan religions and the effects of Frazer's works in modern culture and scholarship generally Chapters examine how modern academia and beyond continues to be influenced by the otherwise discredited theories in *The Golden Bough* ideas such as Sacred Marriage and the incessant Fertility of Everything The book demonstrates how scholarship within the Humanities as well as practitioners of alternative religions and the common public remain under the thrall of Frazer over one hundred years since the publication of the abridged edition of *The Golden Bough* and what we must do to shake off that influence A Century of James Frazer's *The Golden Bough* is of interest to scholars and students from a wide range of disciplines including Ancient History History of Religion Comparative Religion Classical Studies Archaeology Historiography Anthropology Folklore and Reception Studies Chapter 18 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license

The Early Enoch Literature Gabriele Boccaccini, Collins, 2007-12-01 In recent years there has been a lively debate about the early Enoch literature and its place in Judaism This volume is intended to represent that debate by juxtaposing pairs of articles on several key issues the textual evidence the relationship to the Torah the calendar the relation to wisdom the relation to the temple the sociological setting and the relation to the Dead Sea Scrolls It

is not the intention of the editors to impose a consensus but rather to stimulate discussion by bringing together divergent viewpoints The book should be a useful textbook not only on the Enoch literature and apocalypticism but more generally on Second Temple Judaism
