A Failure Of Civility:

Peopling the Constitution John E. Finn, 2014-03-24 The U S Constitution begins with the soaring words We the People but we the people have little to do with the document as most of us have come to know it When most people think of the constitution they think of it as a legal instrument the province of judges and lawyers who alone possess the expertise and knowledge necessary to discern its elusive and complex meaning This book outlines a very different view of the Constitution as a moral and philosophical statement about who we are as a nation This Civic Constitution constitutes us as a civic body politic transforming the people into a singular political entity Juxtaposing this view with the legal model the Juridic Constitution John E Finn offers a comprehensive account of the Civic Constitution as a public affirmation of the shared principles of national self identity and as a particular vision of political community in which we the people play a significant and ongoing role in achieving a constitutional way of life The Civic Constitution is the constitution of dialogical engagement of contested meanings of political principles of education of conversation *Peopling the Constitution* seeks nothing less than a new interpretation of the American constitutional project in an effort to revive a robust understanding of citizenship It considers the entire constitutional project from its founding and maintenance to its failure with insights into topics ranging from the practice of deliberative democracy and the meaning of citizenship to constitutional fidelity civic virtue the separation of powers federalism and constitutional interpretation The Civic Constitution in Finn s telling is primarily a political project requiring an active engaged and most importantly constitutionally educated citizenry committed to the civic virtues of civility and tending When we as citizens are unwilling or unable to tend to and sustain the Constitution and when constitutional questions reduce to legal questions and obscure civic interests constitutional rot results And in post 9 11 America Finn argues constitutional rot has begun to set in With its multi dimensional vision of constitutional governance Finn s book stands as a corrective to accounts that locate the Constitution in and conceive it essentially as a legal instrument making a powerful and impassioned argument for restoring the people to their rightful place in the politics and practice of the Constitution

Jewish Identity in Western Pop Culture J. Stratton, 2008-06-09 This book looks at the post Holocaust experience with emphasis on aspects of its impact on popular culture

Identity and the Failure of America John Michael, 2008 From Thomas Jefferson to John Rawls justice has been at the center of America s self image and national creed At the same time for many of its peoples from African slaves and European immigrants to women and the poor the American experience has been defined by injustice oppression disenfranchisement violence and prejudice In *Identity and the Failure of America* John Michael explores the contradictions between a mythic national identity promising justice to all and the realities of a divided hierarchical and frequently iniquitous history and social order Through a series of insightful readings Michael analyzes such cultural moments as the epic dramatization of the tension between individual ambition and communal complicity in *Moby Dick* attempts to effect social change through sympathy in the novels of Lydia Marie Child and Harriet

Beecher Stowe Ralph Waldo Emerson's antislavery activism and Frederick Douglass's long fight for racial equity and the divisive figures of John Brown and Nat Turner in American letters and memory Focusing on exemplary instances when the nature of the United States as an essentially conflicted nation turned to force Michael ultimately posits the development of a more cosmopolitan American identity one that is more fully and justly imagined in response to the nation's ethical failings at home and abroad John Michael is professor of English and of visual and cultural studies at the University of Rochester He is the author of *Anxious Intellects Academic Professionals Public Intellectuals and Enlightenment Values* and *Emerson and Skepticism The Cipher of the World* The Word in Small Boats Oliver O'Donovan, 2009-12-30 Oliver O'Donovan has been preaching and teaching for over three decades committed to the perpetual voyage of service to the word of God *The Word in Small Boats* offers thirty-two select sermons that he preached over the course of some twenty years as Canon of Christ Church Cathedral Oxford Green Religion Sylvester L. Steffen, 2010-09 Deep heart cosmic communication radiates truths of relationships in common and the fact that common ground is wave particle pulsation sustaining and transforming all at the same time The light of the world is wave particle electromagnetic photon We are the shining self understanding of the cosmos the scintillating light of Divine Instance in nature Shine on Shine on Oh Cosmic Christ The common anointing of universal priesthood is the Christic consciousness of universal transformation Green religion is the essential consciousness of existence in common and the human distinction of self aware purpose in transformation and in the fleeting reality of individual existence The beauty the glory this ictus in time is to be savored in the moment for all individual realization is in the moment The past is non reality the future is non reality reality is in the moment accomplishments and failures of the past project into the future The ascendant consciousness of self reflection is the conscionable responsibility of living mindfully in the moment grateful for the beauty and the glory of being a crowning achievement of the past as well as the hope for the future The cultural spectrum is nothing other than the grand evolution of the electromagnetic spectrum the ground being and becoming of life The greening of religion is about the florescence of all life always in process of self justification Conscionable living is justified living **Jewish Identity and Civilizing Processes** S. Russell, 1996-11-04 *Jewish Identity and Civilizing Processes* examines the history of Jewish experience in Western Europe from the early Middle Ages to the twentieth century using the sociological theory and method of Norbert Elias Attention is focused on the notion of interdependence and the intertwining processes of the civilization of behaviour and character and the formation of modern states as these specifically affected Jewry and help to shed light on the problem of anti-Semitism *Shedding the Chrysalis* Olga M. Welch, Carolyn R. Hodges, 2026-01-15 *Shedding the Chrysalis Black Women Leading in Higher Education* features the voices of six experienced and emerging Black females in a variety of academic leadership roles This book provides a Black feminist perspective highlighting the need to address racial realism within higher education administration These personal testimonies focus on a variety of levels in the academic hierarchy to emphasize the continuum across the lived

experiences of these women some of whom have served in multiple upper level administrative roles The contributors positions range from postdoctoral research fellows to positions reporting to central administration at predominantly white institutions Shedding the Chrysalis underscores what these women have learned from mentors allies and adversaries that can help us all executive level leaders faculty and staff at all ranks and those aspiring to leadership positions to build and sustain a more stable terrain in academic leadership for a variety of minoritized groups **Distant Partners** Ben W.

Lappin,Morton I. Teicher,1990 Offers an inside look at two communities half a world apart who became partners One needed aid and the other had the means to help the book chronicles their relationship in all its complexities pitfalls successes and failures This unique documentary provides a day by day blow by blow record of community development in practice It is presented in full and analyzed by the two authors one of whom was the community worker while the other was a member of the Croydon committee which was responsible for implementing the agreement *Vulgarity and Authenticity* Stuart L.

Charmé,1991 Since his death in 1980 there has been a resurgence of scholarly interest in the life and work of Jean Paul Sartre as interpreters have searched for the threads that link the diverse elements of his thought In this book Stuart Zane Charme uses the concept of vulgarity as a key to understanding the interaction of Sartre s social background and his analysis of existential authenticity *Civility, Legality, and Justice in America* Austin Sarat,2014-08-11 Throughout American history the discourse of civility has proven quite resilient and concern for a perceived lack of civility has ebbed and flowed in recognizable patterns Today we are in another era in which political leaders and commentators bemoan a crisis of incivility and warn of civility s demise Civility Legality and Justice in America charts the uses of civility in American legal and political discourse How important is civility as a legal and political virtue How does it fare when it is juxtaposed with the claim that it masks injustice Who advocates civility and to what effect How are battles over civility played out in legal and political arenas This book brings the work of several distinguished scholars together to critically assess the relative claims of civility and justice and the way law the weighs those virtues
