A History Of The Irish Novel:

A History of the Irish Novel Derek Hand, 2011-03-10 Derek Hand's *A History of the Irish Novel* is a major work of criticism on some of the greatest and most globally recognisable writers of the novel form. Writers such as Laurence Sterne, James Joyce, Elizabeth Bowen, Samuel Beckett and John McGahern have demonstrated the extraordinary intellectual range, thematic complexity and stylistic innovation of Irish fiction. Derek Hand provides a remarkably detailed picture of the Irish novel's emergence in the seventeenth and eighteenth centuries. He shows the story of the genre is the story of Ireland's troubled relationship to modernisation. The first critical synthesis of the Irish novel from the seventeenth century to the present day, this is a major book for the field and the first to thematically, theoretically and contextually chart its development. It is an essential, entertaining and highly original guide to the history of the Irish novel. **A History of the Irish Novel**

Derek Hand, 2014-05-14 While some literary critics have traced the origins of the novel back to ancient Greece, the modern novel as an access to the narratives of bourgeois modernity emerged into Western culture in the late seventeenth century. The struggle of that class toward definition and the striving to articulate its character is central to the novel and the stories it tells. Its novelty is found in a formlessness that nonetheless aspires to some idea of order and unity. Indeed, the energies of the early modern novel form can be discerned in its constant assertion of narratives that enact that search for completeness while also allowing for a kind of mourning for the security that older traditional forms and stories allowed. Thus novelists then, as now, revel in the possibilities that formal innovation permits while their characters find themselves forced to acknowledge the newness of their world and their experiences in that world. **A Cultural History of the Irish Novel, 1790-1829**

Claire Connolly, 2011-11-17 Claire Connolly offers a cultural history of the Irish novel in the period between the radical decade of the 1790s and the gaining of Catholic Emancipation in 1829. These decades saw the emergence of a group of talented Irish writers who developed and advanced such innovative forms as the national tale and the historical novel, fictions that took Ireland as their topic and setting and which often imagined its history via domestic plots that addressed wider issues of dispossession and inheritance. Their openness to contemporary politics as well as to recent historiography, antiquarian scholarship, poetry, song, plays and memoirs produced a series of notable fictions marked most of all by their ability to fashion from these resources a new vocabulary of cultural identity. This book extends and enriches the current understanding of Irish Romanticism, blending sympathetic textual analysis of the fiction with careful historical contextualization. **A Cultural History of the Irish Novel, 1790-1829**

Claire Connolly, 2014-05-14 A fresh account of Irish Romanticism and the Irish novel in turbulent political times. *The Irish Novel* James M. Cahalan, 1988 *Irish Novelists and the Victorian Age* James H. Murphy, 2011-01-13 This is the first comprehensive study of the Irish writers of the Victorian age, some of them still remembered, most of them now forgotten. Their work was often directed to a British as well as an Irish reading audience and was therefore disparaged in the era of W. B. Yeats and the Irish Literary Revival with its culturally

nationalist agenda This study is based on a reading of around 370 novels by 150 authors including still familiar novelists such as William Carleton the peasant writer who wielded much influence and Charles Lever whose serious work was destroyed by the slur of rollicking as well as Joseph Sheridan LeFanu George Moore Emily Lawless Somerville and Ross Bram Stoker and three of the leading authors from the new woman movement Sarah Grand Iota and George Egerton James H Murphy examines the work of these and many other writers in a variety of contexts the political economic and cultural developments of the time the vicissitudes of the reading audience the realities of a publishing industry that was for the most part London based the often difficult circumstances of the lives of the novelists and the ever changing genre of the novel itself to which Irish authors often made a contribution Politics history religion gender and particularly land over which nineteenth century Ireland was deeply divided featured as key themes for fiction Finally the book engages with the critical debate of recent times concerning the supposed failure of realism in the nineteenth century Irish novel looking for more specific causes than have hitherto been offered and discovering occasions on which realism turned out to be possible *The Irish Novel in the Nineteenth Century* Jacqueline Belanger,2005 Featuring twelve original essays by leading scholars in the fields of Irish literary and cultural studies this book investigates how the 19th century Irish novel was defined and understood in its own contemporary moment and reconsiders current critical discourse surrounding 19th century Irish fiction
