Less Than Nothing Slavoj Zizek, 2012-05-22 Discover a 1 000 page resurrection of Hegel a giant of Western philosophy from one of the world s best known public intellectuals New York Review of Books For the last two centuries Western philosophy has developed in the shadow of Hegel an influence each new thinker struggles to escape As a consequence Hegel s absolute idealism has become the bogeyman of philosophy obscuring the fact that he is the defining philosopher of the historical transition to modernity a period with which our own times share startling similarities Today as global capitalism comes apart at the seams we are entering a new period of transition In Less Than Nothing the product of a career long focus on the part of its author Slavoj i ek argues it is imperative we not simply return to Hegel but that we repeat and exceed his triumphs overcoming his limitations by being even more Hegelian than the master himself Such an approach not only enables i ek to diagnose our present condition but also to engage in a critical dialogue with key strands of contemporary thought Heidegger Badiou speculative realism quantum physics and cognitive sciences Modernity will begin and end with Hegel

General Psychology' 2006 Ed.(with Values Development Lessons) , 2006 The Taste for the Other Gilbert Meilaender, 2003 A deeply meditated study of C S Lewis as a social philosopher It does him good service Avoiding unnecesary biographical data Meilaender concentrates rigoursly on Lewis writings in an attempt to get at the heart of his vision of human community and his understanding of morality A discriminating work with an intricate structure well suited to the subject Modern Language Review Meilaender s first class scholarly study of Lewis s social and ethical thought is also a fine commentary on his anthropology A well written interpretation of the man who has probably had more influence on the theology of thoughtful Christians in the twentieth century than all the church s professional theologians Choice Meilaender is a master exegete and critic of Lewis dialectical vision in all its rich concreteness This work must now stand as our best guide to Lewis s thought Christian Century A remarkably complete look at Lewis s thought New Oxford Review Combining solid scholarship with literary imagination

Meilaender does what Lewis himself does he fascinates readers and draws them unawares into serious thought and into reflection requiring a response A first rate study of Lewis that can serve also as an introduction to a serious study of all of Lewis s works Religious Studies Review A book that has been needed for a long time Meilaender brings to his study not only an in depth knowledge of philosophy and theology but also a keen literary awareness A gracefully readable luminously clear book Christianity and Literature GILBERT MEILAENDER is the Phyllis and Richard Duesenberg Professor of Christian Ethics at Valparaiso University His most recent book is Bioethics A Primer for Christians Eerdmans *Behind the Executive Door* Karol M. Wasylyshyn,2011-10-28 Sigmund Freud meets Peter Drucker Behind the Executive Door is a revealing look at the behavior of top business leaders and how the next level of aspiring managers can learn to navigate the political and personal landscape Based on over 25 years of psychotherapy and consulting experiences as well as extensive empirical research Karol Wasylyshyn has identified a dynamic continuum of executive behaviors that are manifested in three specific types of business leaders Remarkable Perilous and Toxic She describes these types in accessible terms with the intertwined goals of helping readers 1 recognize these behaviors and leadership types and 2 leverage this information to increase their savvy and effectiveness in the workplace In the wake of Sarbanes Oxley and the increased scrutiny of business executives we have learned that how they lead is often their undoing or at least it is a pressing development need and or potential derailment factor In short despite financial or strategic smarts ineffective leadership behavior de motivates talented employees has adverse effects on productivity and jeopardizes positive business results Conversely we can recognize the qualities of effective leadership behavior which is largely a function of emotional intelligence the ability to tap into the needs and motivations of others and bring out their best performance In Behind the Executive Door the author provides a wide variety of tools and exercises to help the reader identify the behavior traits of their organizations leaders and hone their own approaches to achieve positive results In the process readers will also gain insights and skills to manage laterally and down as well as up the organizational ladder The concepts can be applied in any type of organization private or public for profit or non profit The result is not only a better understanding of organizational politics and leadership behavior but a practical guide to making important career decisions such as whom to work for and how to develop one s own leadership style **The Most Protected Secrets in Human History** Carlos A. Llorens,2024-01-18 You are in possession of one of humanity s most ever jealously guarded treasures This knowledge has been passed down not through written words but verbally through the ages Since ancient times men have insatiably searched for answers and during the early days of our consciousness on this planet we had a much purer mind and body which allowed us to discern things better with more agility and clarity during which we were able to gain awareness of how certain things work especially how we interact with ourselves and our environment The discoveries were amazing divine and magical to be conservative Those discoveries changed the course of humanity forever The knowledge was so powerful that it was never written in an effort to ensure that only a few would

receive it verbally At a certain point these jealously guarded secrets were controlled by secret societies whose societies are composed of the most powerful individuals on earth called the elite class and the minority who believes that everyone should have access to this knowledge they decided to share it and now you have in your hands something very difficult to describe its true value With this knowledge if you apply it you have the power to transform your life forever Discover your inborn inherited Divine secret abilities within you With this knowledge and its power may you never be the same KT Respectfully and with true and honest love for your success Carlos A Llorens Estas en posesion de uno de los tesoros celosamente guardados de los humanos Este conocimiento ha sido transmitido no escrito sino verbalmente a traves de los siglos Desde la antigüedad los hombres han buscado insaciablemente respuestas y durante los primeros tiempos de nuestra conciencia en este planeta teniamos una mente y un cuerpo mucho mas puros lo que nos permitio discernir mejor las cosas con mas agilidad y claridad durante los cuales pudimos obtener la conciencia de como funcionan ciertas cosa especialmente como interactuamos con nosotros mismos y nuestro entorno los descubrimientos fueron asombrosos divinos y magicos para ser conservadores esos descubrimientos cambiaron el curso de la humanidad para siempre Esos descubrimientos permitieron a los primeros hombres iluminados ejercitar algunas de nuestras santas habilidades dotadas y lograr algunos de los mayores logros jamas conocidos por la humanidad el conocimiento era tan poderoso que nunca fue escrito en el esfuerzo de asegurar que solo aquellos que demostraron poseer los requisitos previos los recibirian verbalmente a traves de un proceso de tutoria En cierto punto esos secretos celosamente guardados fueron controlados a traves de lo que hoy conocemos como Sociedades Secretas cuyas Sociedades estan compuestas por los individuos mas poderosos de la tierra llamada la clase elite esta clase se divide en dos partes la mayoria la cual cree que el resto de la poblacion debe trabajar para ellos ya que saben como manejar el planeta y la minoria que cree que todos deben tener acceso a este conocimiento gracias a su amor por la humanidad decision y voluntad de compartir este conocimiento ahora tienen en sus manos algo muy dificil de describir su verdadero valor Con este conocimiento y si lo aplicas tienes el poder de transformar tu vida para siempre Descubriras los secretos de tus habilidades heredadas nacidas dentro de ti De K T Con este conocimiento y su poder que nunca seas el mismo Respetuosamente con amor verdadero y honesto por su exito Carlos A Llorens
