Exploring Curriculum Landscapes in Africa Oscar Koopman, Karen J. Koopman, Wally Lumadi, Samuel Amponsah, 2025-06-13 This book examines post colonial curriculum transformation across seven African nations These are South Africa Egypt Cameroon Nigeria Zimbabwe Namibia and Ghana It investigates whether these educational systems have truly decolonized their curricula or still remain rooted in Western frameworks despite achieving political independence Through analysis of curriculum policies and teaching practices the authors explore educational reform dynamics in post colonial African contexts The book evaluates how successfully these systems have incorporated indigenous knowledge and local ways of knowing versus continuing to propagate Western paradigms The work provides both theoretical and empirical analysis of challenges and opportunities in rebuilding African education systems that reflect local cultural values while addressing modern educational needs *The Cameroon GCE Crisis* Francis B. Nyamnjoh, Richard Fonteh Akum, 2008 This book documents the battles fought by the Anglophone community in Cameroon to safeguard the General Certificate of Education GCE a symbol of their cherished colonial heritage from attempts by agents of the Ministry of National Education to subvert it These battles opposed a mobilised and determined Anglophone civil society against numerous machinations by successive Francophone dominated governments to destroy their much prided educational system in the name of national integration When Southern Cameroonians re united with La Republique du Cameroun in 1961 they claimed that they were bringing into the union a fine education system from which their Francophone compatriots could borrow Instead they found themselves battling for decades to save their way of life Central to their concerns and survival as a community is an urgent need for cultural recognition and representation of which an educational system free of corruption and trivialisation through politicisation is a key component **BOOK JACKET** Post-Colonial Cameroon Joseph Takougang, Julius A. Amin, 2018-06-13 In this unique volume leading scholars examine how Cameroonians organize and experience their lives under Cameroonian leadership and local responses to that leadership The volume offers essential case studies that allow us to examine the lives of ordinary people in post colonial Africa through five lenses politics society and culture economy international relations and migration It places the nation s contemporary challenges within a broader political economic and socio cultural context and uses that to make recommendations for future directions The book also celebrates areas in which the country has done well and calls on its citizens to build on those achievements This volume is forward looking and as such raises important questions about issues of development ethnicity wealth poverty and class *Cameroon History in the 19th & 20th Centuries* John Tazifor Tajoche, 2003 An Integrated History Since 1850 for G.C.E. "O" Level Candidates: Cameroon, Africa and the World Munang Richard Chiambah, P.L.E.G Hors Échelle, 2023 Basic Facts on Cameroon History Since 1884 John N.
