A Parent's Guide to Bedwetting Control Nathan H. Azrin, Victoria A. Besalel-Azrin, 1979 *A Parent's Guide to Bedwetting Control* Nathan H. Azrin, Victoria A. Besalel, 1981 Nocturnal Enuresis GIFT GIFT CERT, 1987-10-22 Nocturnal Enuresis Handbook of Parent Training James M. Briesmeister, Charles E. Schaefer, 2007-07-16 A guide to the latest tools for teaching effective and positive parenting skills In the last three decades parent training has established itself as an empirically sound highly successful and cost effective intervention strategy for both preventing and treating behavior disorders in children Handbook of Parent Training Third Edition offers a unique opportunity to learn about the latest research findings and clinical developments in parent training from leading innovators in the field Featuring new chapters this thoroughly revised and updated edition covers issues that have emerged in recent years Readers will find the latest information on such topics as Behavioral family intervention for childhood anxiety Working with parents of aggressive school age children Preventive parent training techniques that support low income ethnic minority parents of preschoolers Treating autism and Asperger's Syndrome Parenting and learning tools including role playing and modeling positive and effective parenting styles Offering practical advice and guidance for parent training each chapter author begins by identifying a specific problem and then describes the best approach to identifying assessing and treating the problem In every instance descriptions of therapeutic techniques are multimodal and integrate theory research implementation strategies and extensive case material Handbook of Parent Training Third Edition is a valuable professional resource for child psychologists school psychologists and all mental health professionals with an interest in parent skills training **The Handbook of Child and Adolescent Clinical Psychology** Alan Carr, 2015-12-24 The third edition of the hugely successful Handbook of Child and Adolescent Clinical Psychology incorporates important advances in the field to provide a reliable and accessible resource for clinical psychologists Beginning with a set of general conceptual frameworks for practice the book gives specific guidance on the management of problems commonly encountered in clinical work with children and adolescents drawing on the best practice in the fields of clinical psychology and family therapy In six sections thorough and comprehensive coverage of the following areas is provided Frameworks for practice Problems of infancy and early childhood Problems of middle childhood Problems of adolescence Child abuse Adjustment to major life transitions Thoroughly updated throughout each chapter dealing with specific clinical problems includes cases examples and detailed discussion of diagnosis classification epidemiology and clinical features New material includes the latest advances in child and adolescent clinical psychology developmental psychology and developmental psychopathology assessment and treatment programmes This book is invaluable as both a reference work for experienced practitioners and as an up to date evidence based practice manual for clinical psychologists in training The Handbook of Child and Adolescent Clinical Psychology is one of a set of 3 books published by Routledge which includes The Handbook of Adult Clinical Psychology An Evidence Based Practice Approach

Second Edition Edited by Carr McNulty and The Handbook of Intellectual Disability and Clinical Psychology Practice Edited by Alan Carr Christine Linehan Gary O Reilly Patricia Noonan Walsh and John McEvoy What Works with Children and Adolescents? Alan Carr,2013-07-23 What Works with Children and Adolescents fulfils the need for a concise empirically based study of the types of psychological treatments that may be effective for common psychological problems in childhood and adolescence Providing a solid foundation for evidence based practice in the treatment of children and adolescents the book offers evidence from over 150 rigorously conducted research trials Examining problems which are of central concern to practising clinicians including child abuse enuresis and encopresis ADHD childhood conduct problems adolescent violence drug abuse anxiety and depression anorexia and bulimia nervosa paediatric pain and post divorce adjustment problems it also highlights priority areas for future research on the treatment of children and adolescents psychological problems What Works with Children and Adolescents complements The Handbook of Child and Adolescent Clinical Psychology Carr 2006 and will be valuable to professionals in training **Handbook of Clinical Child Psychology** C. Eugene Walker,Michael C. Roberts,2001-01-30 The increasing focus on children s welfare has given rise to tremendous growth in the field of child psychology and the past decade has witnessed significant advances in research in this area Handbook of Child Psychopathology Thomas H. Ollendick,2013-11-11 In our first edition of the Handbook in 1983 we noted that child psychopathology should no longer be viewed simply as a downward extension of adult psychopathology Rather we suggested that children must be viewed as children not as miniature adults and that a merger of clinical child psychology and developmental psychology must occur in order for this objective to be realized Now 6 years later we are sufficiently encouraged to assert that this synthesis at least on a conceptual level is well under way Yet much growth remains to be seen along practical lines The real test of the synthesis of these two fields of study will be evidenced on the battlefield that is the front line of clinical practice Just how integrated clinical child psychology and developmental psychology really are remains to be seen Nonetheless progress is well under way Careful attention to developmental and other contextual issues guided us in our efforts to solicit contributors for this second edition All the contributors are active researchers and clinicians in the area of child psychopathology and all are keenly aware of the subtle nuances and special considerations of clinical and developmental psychology as they relate to child behavior problems In addition all the contributors are empirically minded as a result the chapters are data based and represent some of the most up to date knowledge currently available However as research based knowledge is more abundant and conclusive in some topic areas than in others the chapters vary in length and scope **What Works with Children, Adolescents, and Adults?** Alan Carr,2008-08-18 This book provides an up to date review of research on the effectiveness of psychotherapy and psychological interventions with children adolescents adults people in later life and people with intellectual and pervasive developmental disabilities **A Parent's Guide to Child Care** Suresh Keshan,2000-02-17 An ideal book for anyone who recently has had or is going to have a child The book is

designed in such a way that it not only teaches but enables the parents enjoy child care It guides parents to convert the cycle of negativity into positivity whether it is regarding feeding or schooling or toilet training The book is designed in such a way that it not only teaches but enables the parents enjoy child care It guides parents to convert the cycle of negativity into positivity whether it is regarding feeding or schooling or toilet training An ideal book for anyone who recently has had or is going to have a child The book is designed in such a way that it not only teaches but enables the parents enjoy child care It guides parents to convert the cycle of negativity into positivity whether it is regarding feeding or schooling or toilet training The book is designed in such a way that it not only teaches but enables the parents enjoy child care It guides parents to convert the cycle of negativity into positivity whether it is regarding feeding or schooling or toilet training
