Ace on the Run: Motorcycle mechanic and biker Scott Thompson isn't the laid back loner he makes everybody believe. Three years ago he was known as Ace and belonged to an elite group of agents in a top secret CIA program. However, the preternatural ability that made him an invaluable asset to the government could now become his downfall for he has to resist acting upon his premonitions or risk exposing himself to the enemies responsible for the destruction of the Stargate program and the murder of his mentor. When his skill alerts him to a looming disaster, bound to kill dozens of innocents, he is compelled to take action. To save her position from planned budget cuts, Phoebe Chadwick needs to prove to her editor that she is a brilliant journalist with a knack for sniffing out a juicy story. When the mysterious Scott prevents a tragic accident that could have killed her and many others, she tries to interview him. But the handsome stranger is a reluctant hero, unwilling to answer her probing questions. Bad boy Scott instantly feels the sizzling chemistry between him and the persistent reporter and makes a decision he fears will bite him in the ass. Soon he allows Phoebe to get close, not only to his body but also to his heart, always wondering when somebody will discover his secret. Fox in Plain Sight: Nicholas Fox, Young brilliant computer programmer and now defunct Stargate Program operative in hiding, is close to his goal of accessing information which could bring him one step closer to finding his fellow Stargate agents and shedding light on the recurring nightmarish premonition that haunts his dreams. But the online cat and mouse game he's been playing with ex-hacker and now CIA contractor Michelle Andrews gets elevated to a new level when circumstances thrust them together. Suddenly, passion ignites the blood of the cool computer genius and he has to balance the risk of letting the fiery woman close enough to catch him with the need of feeling her shudder in his arms. But no matter his decision, they might already be doomed because Nick's real enemies are lurking in the shadows. The inept detective in charge of the case has homed in on a single suspect: Jane's ex, who's only the Nicest Guy in the World. She's never gotten over him, even with a certain bad boy bartender invading her personal space at every opportunity. Throw the victim's hot Parisian brother into the mix, and it's little wonder Jane is having trouble concentrating on whodunit. You'd think having a high-strung seven-pound poodle on your team would be the key to quickly solving a complicated murder. Turns out that's not necessarily the case. Who knew?
