Magic Over Boys Kailin Gow, 2019-07-19 The Beautiful Ones at Shadowlight Academy is broken Shadowlight Academy itself is barely standing If you like steamy fantasy romances from Jaymin Eve or Sarah Maas you would love the steamy fantasy romances from Kailin Gow like this one The Beautiful Boys are gone leaving me to pick up the pieces To Stand Strong Me Against an Army Unlike many high school heroines in fantasy books I always knew I was not ordinary Far from it Since I was two I have been seeing angels and demons Given the gift of battle as a warrior my role as a slayer often interferes with my role as a normal girl So no I was never a typical girl who had just found out she was heir to some magical family or something like that I've been gifted practically all my life So when my ordinary family moved us to San Francisco to a new school where my father teaches I didn't think much of the school Shadowlight Academy the most exclusive and posh prep academy for the super rich I thought I would be there to slay the evil like an undercover superhero amongst the ordinary I just didn't think the ordinary would all be extremely unordinary Especially the three most popular kids in school known as the Beautiful Ones Then there's the hot brooding rebel boy who didn't seem to fit in too Everyone here has secrets and I am determined to find out what before it kills me the entire Academy and even the world Gone Rogue is the third book in a high school paranormal academy series for mature teens and up Expect a tough heroine who can take on anyone and anything will lots of steam literally and figuratively and a reverse harem

Demon's Touch Jennifer Loiske, 2015-01-23 Shannon McLean had come a long way since she lost her mother A while ago she'd thought she was alone in the world a plain Jane with no place to go Now she knew better Suddenly she was surrounded by relatives a crazy talented twin brother Ian who literally held the keys to magic in his hands a demonic father Connor who had paid a high price for a one way ticket to hell and a wannabe big brother Simon who was not only half demon but also a hit man of some sort and herself so not a plain Jane but a witch with ancient spells tingling on her fingertips Oh and if that were not enough of a burden for a thirteen year old girl her father had sent her to London on an impossible quest No matter what she did or who tried to help her she kept failing time and time again and time was not something she had If she ever intended to save her father from becoming the next king of hell she had to act fast and do the impossible After all every witch knows the hard truth demons cannot be saved

Diary of a Human Target Isidora Vey,2014-09-04 A diary is usually a personal record where you write your secrets your innermost thoughts and feelings It's something you keep for yourself something you don't share with others But not this diary The Diary of a Human Target is different from any other because it is not intended to be kept secret on the contrary it is meant to be read by as many people as possible It could be the diary of every person who feels isolated and trapped in a hostile world and can't stay silent any more It reflects a longing for real communication in an uncommunicative society Page by page it exposes the subtle but inexorable war which is continually waged throughout human society as it unfolds the tormented youth of Yvonne Fezarris A free mind who is constantly targeted by visible and invisible evil forces and seeks to know the reason why until she reaches an incredible conclusion

How to Forget to Remember to Forget about Magic Viktor H Strangewayes,Kristen M Chambers,2024-03-31 Laurence P Cromwell was once like many of us navigating through life without direction or purpose eager to uncover some deeper meaning to it all Out of sheer desperation and through the influence of a series of strange childhood occurrences he became obsessed with the notion of true Magic the ability to manipulate the world around him in ways often assumed impossible by others Scouring countless shelves he searched for that one old tome or relic which might reveal itself to be something more something Magical He knew in his heart he was destined for great things if only he could make that first crucial discovery But as Laurence along with an unlikely pair destined for a similar fate would soon find out not all Magical Objects exist to be used to be possessed And some are better off left where they were buried long long ago Beginning on our planet in the prosaic time period known as present day the Vaal bara Historical Society series methodically recounts the story of a group

of unsuspecting heroes as they gain the courage and experience necessary to traverse billions of years multiple worlds and countless twisting timelines to discover the truth of humanity's Magical past as well as the monstrous future awaiting not only our race but our entire universe Will they succeed in restoring Magic to its prior state before time runs out or will the forces of darkness prove too powerful too tempting even for them Prepare to pull back the veil revealing a world of Dark Magic and demons of a battle that goes beyond good and evil where heroes and villains clash not only with each other but their own inner turmoil and precarious destinies But beware dear reader As you take these first steps of your own journey remember this Not all fantasy is fiction and nothing is ever quite as it seems
