A Lifetime On Clouds Text Classics:

A Lifetime on Clouds Gerald Murnane, 2013-10-23 Adrian Sherd is a teenage boy in Melbourne of the 1950s the last years before television and the family car changed suburbia forever Earnest and isolated tormented by his hormones and his religious devotion Adrian dreams of elaborate orgies with American film stars and of marrying his sweetheart and fathering eleven children by her He even dreams a history of the world as a chronicle of sexual frustration *A Lifetime on Clouds* is funny honest and sweetly told a less ribald Catholic Australian Portnoy's Complaint Gerald Murnane was born in Melbourne in 1939 His first novel *Tamarisk Row* was published in 1974 It was followed by *A Lifetime on Clouds* *The Plains* and five other works of fiction the most recent of which is *A History of Books* In 1999 he won the Patrick White Award Ten years later he won the Melbourne Prize for Literature Unquestionably one of the most original writers working in Australia today Australian *A Lifetime on Clouds* delighted me I was particularly admiring of the author's unfailing ability to say just enough and no more Les Murray Sydney Morning Herald Murnane draws out a great deal of comedy from the distance between what his hero does and what he dreams Guardian If you only ever read one Gerald Murnane novel in your life I urge you to make it this one Andy Griffiths in his introduction *A Lifetime on Clouds* Gerald Murnane, 1978 Gerald Murnane Professor Anthony Uhlmann FAHA, 2020-03-02 Gerald Murnane is one of Australia's most important contemporary authors but for years was neglected by critics In 2018 the New York Times described him as the greatest living English language writer most people have never heard of and tipped him as a future Nobel Prize winner Gerald Murnane *Another World in This One* coincides with a renewed interest in his work It includes an important new essay by Murnane himself alongside chapters by established and emerging literary critics from Australia and internationally Together they provide a stimulating reassessment of Murnane's diverse body of work **Mysteries of Cinema** Adrian Martin, 2025-10-01 The major essays of the distinguished and prolific Australian born film critic Adrian Martin have long been difficult to access so this anthology which collects highlights of his work in one volume will be welcomed throughout film studies Martin offers in-depth analysis of many genres of films while providing a broad understanding of the history of cinema and the history of film criticism and culture These vibrant highly personal essays written between 1982 and 2016 balance breadth across cinema theory with almost encyclopedic detail ranging between aesthetics cinephilia film genre criticism philosophy and cultural politics *Mysteries of Cinema* circumscribes a special cultural period that began with the dream of critique as a form of poetic writing and today arrives at collaborative experiments in audiovisual essays Throughout these essays Martin pursues a particular vision of what cinema has been what it is and what it still could be **Landmarks in Classical Literature** Philip Gaskell, 1999 Providing the context of time and place as well as discussing the translations *Landmarks in Classical Literature* surveys the most influential authors of ancient Greece and Rome Part of the three book series *Landmarks in European Literature* which presents the major authors of European literature and their works from ancient times until the 20th century this volume is

designed for general readers and students looking for additional guidance in their reading or wishing to understand the context in which these fascinating works were written Helping and encouraging readers to explore and enjoy the European literary heritage the Landmarks in European Literature series include Landmarks in Continental European Literature Landmarks in Classical Literature and Landmarks in English Literature all of which will prove valuable at any library supporting literary studies

One-Volume Libraries: Composite and Multiple-Text Manuscripts Michael Friedrich, Cosima Schwarke, 2016-11-07 Composite and multiple text manuscripts are traditionally studied for their individual texts but recent trends in codicology have paved the way for a more comprehensive approach Manuscripts are unique artefacts which reveal how they were produced and used as physical objects While multiple text manuscripts codicologically are to be considered as production units i.e. they were originally planned and realized in order to carry more than one text composites consist of formerly independent codicological units and were put together at a later stage with intentions that might be completely different from those of its original parts Both sub types of manuscripts are still sometimes called miscellanies a term relating to the texts only The codicological difference is important for reconstructing why and how these manuscripts which in many cases resemble or contain a small library were produced and used Contributions on the manuscript cultures of China India Africa the Islamic world and European traditions lead not only to the conclusion that one volume libraries have been produced in many manuscript cultures but allow also for the identification of certain types of uses

The Spiritual Life , A Dutiful Daughter Thomas Keneally, 2019-04-02 Australian literature's strangest novel written by its most familiar novelist The Last Knight Norman F. Cantor, 2010-05-11 There may not be a more fascinating a historical period than the late fourteenth century in Europe The Hundred Years War ravaged the continent yet gallantry chivalry and literary brilliance flourished in the courts of England and elsewhere It was a world in transition soon to be replaced by the Renaissance and the Age of Exploration and John of Gaunt was its central figure In today's terms John of Gaunt was a multibillionaire with a brand name equal to Rockefeller He fought in the Hundred Years War sponsored Chaucer and proto Protestant religious thinkers and survived the dramatic Peasants Revolt during which his sumptuous London residence was burned to the ground As head of the Lancastrian branch of the Plantagenet family Gaunt was the unknowing father of the War of the Roses after his death his son usurped the crown from his nephew Richard II Gaunt's adventures represent the culture and mores of the Middle Ages as those of few others do and his death is portrayed in The Last Knight as the end of that enthralling period
