Figures of Radical Absence Alexandra-Ecaterina Irimia,2023-10-04 What is there to see in invisible artworks empty books or blank screens How

do formal absences generate meaning Constructing an argument by way of montage this book is an annotated inventory of textual visual and conceptual figures of absence Spanning different media it reveals a creative tradition that uses absence not as a negative aesthetic category but as a productive state of radical indeterminacy with its own politics and poetics Although post structuralism highlighted the importance of what is offstage lost forgotten hidden or discarded silent or silenced the poetics and politics of absence much like its ethics and aesthetics have rarely been discussed across media and disciplines This book proposes the concept of radical absence to describe a certain tradition of resistance to ontology predication and representation contesting their reliance on a metaphysics of presence Apophatic speech empty signifiers and figural voids are some of the figures through which radical absence becomes apparent with unprecedented intensity in twentieth century theory literature film and the arts Phantasmatic and outrageous such figures play with creative strategies of dematerialization irony and other forms of discursive undoing Therefore absence becomes more than a simple theme it reflects back on the medium and the meaning making conditions under which it operates Elusive and imprecise as an object of study absence requires more subtle and flexible epistemological frameworks than have been available to date This monograph proposes we think of it not only as a counter concept for presence but also and perhaps more productively as infinite spacing deferral fragmentation and displacement

sociologists and applied ethicists The book offers an answer to the metaphysical question of personal identity and tries to show how this question is of immediate relevance to the various practices of identity management particularly in the fields of administration counter terrorism activities and gender reassignment Behrensen argues that identity documents and other markers of identity such as biometric samples are not merely representations of but actually help constitute personal identity The metaphysical fact of personal identity lies in these supposedly external features The book goes on to focus on issues relating to trust and security terms central to the ethics of new technologies and in work on new identity management technologies

**The Cave** José Saramago, 2003-10-15 An unassuming family struggles to keep up with the ruthless pace of progress in a genuinely brilliant novel from a Nobel Prize winner Chicago Tribune A Los Angeles Times Best Book of the Year and a New York Times Notable Book Cipriano Algor an elderly potter lives with his daughter Marta and her husband Mar al in a small village on the outskirts of The Center an imposing complex of shops apartments and offices Mar al works there as a security guard and Cipriano drives him to work each day before delivering his own humble pots and jugs On one such trip he is told not to make any more deliveries People prefer plastic apparently Unwilling to give up his craft Cipriano tries his hand at making ceramic dolls Astonishingly The Center places an order for hundreds and Cipriano and Marta set to work until the order is cancelled and the penniless trio must move from the village into The Center When mysterious sounds of digging emerge from beneath their new apartment Cipriano and Mar al investigate what they find transforms the family's life in a novel that is both irrepressibly funny The Christian Science Monitor and a triumph The Washington Post Book World The struggle of the individual against bureaucracy and anonymity is one of the great subjects of modern literature and Saramago is often matched with Kafka as one of its premier exponents Apt as the comparison is it doesn't convey the warmth and rueful human dimension of novels like *Blindness* and *All the Names* Those qualities are particularly evident in his latest brilliant dark allegory which links the encroaching sterility of modern life to the parable of Plato's cave a remarkably generous and eloquent novel Publishers Weekly Translated from the Portuguese by Margaret Jull Costa

**Cain** José Saramago, 2011-10-04 A winkingly blasphemous retelling of the Old Testament by the Nobel Prize winning author of *The Gospel According to Jesus Christ* The New Yorker In José Saramago's final novel he daringly reimagines the characters and narratives of the Old Testament Placing the despised murderer Cain in the role of protagonist this epic tale ranges from the Garden of Eden when God realizes he has forgotten to give Adam and Eve the gift of speech to the moment when Noah's Ark lands on the dry peak of Ararat Condemned to wander forever after he kills his brother Abel Cain makes his way through the world in the company of a personable donkey He is a witness to and participant in the stories of Isaac and Abraham the destruction of the Tower of Babel Moses and the golden calf and the trials of Job Again and again Cain encounters a God whose actions seem callous cruel and unjust He confronts Him he argues with Him And one thing we know for certain Saramago writes is that they continued to argue and are arguing still Cain's vagabond journey builds to a stunning climax that like the book itself is a fitting capstone to a remarkable career Publishers Weekly starred review This ebook includes a

sample chapter of Jose Saramago's *Blindness*      **Evil Gods and Reckless Saviours** Timo Eskola, 2011-09-09 Late twentieth century Jesus novels carve out a completely new picture of Jesus Those written by Norman Mailer Jose Saramago Michele Roberts Marianne Fredriksson and Ki Longfellow among others provide inversive revisions of the canonical Gospels Their adaptations often turn into a critique of the whole of Christian history The contrast novels investigated in this study end up with appropriations that are based on prototypical rewriting They aim at the rehabilitation of Judas and some of them make Mary Magdalene the key figure of Christianity Saramago describes God as a bloodthirsty tyrant and Mailer makes God battle the devil in a Manichaen sense as with an equal The main result of this intertextual analysis is that these authors have adopted Nietzschean ideas in their writing An attack on the so called biblical slave morality and violent concept of God deprives Jesus of his Jewish messianic identity makes Old Testament law a contradiction of life calls sacrificial soteriology a violent paradigm supporting oppression and presents God as a cruel monster As a result Jewish faith appears in a negative light Apparently Western culture still harbours anti Judaic attitudes albeit hidden beneath sentiments of equality and tolerance Timo Eskola skillfully shows that despite the evident post Holocaust consciousness present in the novels they actually adopt an arrogant and ironic refutation of Jewish beliefs and Old Testament faith
