you become free and freedom is power Be mindful that there is hope You need to believe in yourself more than anyone else can Never allow anyone to take your dreams away It is important to identify the cycle that triggers the anxiety and panic attacks especially the vicious ones Upon identifying break it and change the cycle In other words the diagnosis may actually turn out to be the best thing that happened to you While only patients can actually know how it feels caregivers should continuously believe in and focus on the strengths of the patient If you can raise their self esteem with words of encouragement and touches of love your support becomes invaluable
