Martha Stewart Living Annual Recipes ,2002 Cosmopolitan Culture and Consumerism in Chick Lit Caroline J. Smith,2007-12-12 Cosmopolitan Culture and Consumerism in Chick Lit examines the way in which the popular women s fiction genre of the late 1990s known as chick lit responds to women s advice manuals such as women s magazines self help books romantic comedies and domestic advice manuals The Obvious Diet Ed Victor,2013-08-31 Literary agents are famous for lunching and there is no more famous agent than Ed Victor If Ed can lose weight without changing his lifestyle so can anyone The Obvious Diet recognises that the rules we make ourselves are the rules we are most likely to stick to It shows how to devise an eating regime that is based on avoiding your own particular weaknesses whether that is carbohydrates animal fats or sugar It works because rather than imposing a rigid plan from on high it allows you to mix and match elements from different diets to suit your own lifestyle And with ideas tips and plenty of recipes from Ed s celebrity friends and clients including a foreword from Nigella Lawson the book also provides lots of glamorous anecdotes and inspiration to help you stick to your plan Dieting has never been this interesting **Confederate Exceptionalism** Nicole Maurantonio,2022-09-30 Along with Confederate flags the men and women who recently gathered before the Virginia Museum of Fine Arts carried signs proclaiming Heritage Not Hate Theirs they said was an open and visible protest against those who attacked us ours flags our ancestors or our Heritage How Nicole Maurantonio wondered did not hate square with a heritage grounded in slavery How do so called neo Confederates distance themselves from the actions and beliefs of white supremacists while clinging to the very symbols and narratives that tether the Confederacy to the history of racism and oppression in America The answer Maurantonio discovers is bound up in the myth of Confederate exceptionalism a myth whose components proponents and meaning this timely and provocative book explores The narrative of Confederate exceptionalism in this analysis updates two uniquely American mythologies the Lost Cause and American exceptionalism blending their elements with discourses of racial neoliberalism to create a seeming separation between the Confederacy and racist systems Incorporating several methods and drawing from a range of sources including ethnographic observations interviews and archival documents Maurantonio examines the various people objects and rituals that contribute to this cultural balancing act Her investigation takes in official modes of remembering the Confederacy such as the monuments and building names that drive the discussion today but it also pays attention to the more mundane and often subtle ways in which the Confederacy is recalled Linking the different modes of commemoration her work bridges the distance that believers in Confederate exceptionalism maintain while situated in history from the Civil War through the civil rights era the book brings much needed clarity to the constitution persistence and significance of this divisive myth in the context of our time
