Amazon.com For Dummies Mara Friedman, 2003-01-16 If you've surfed the Web more than once you've probably visited Amazon.com. Originally you may have gone there searching for books but Amazon.com is so much more than a bookstore. The author of *Amazon.com For Dummies*, who has been involved with the site from its beginnings, describes it as a shopping mall, home improvement store, bazaar, travel agency, newsstand, car lot, but most importantly a community of buyers and sellers. People like you. Countless opportunities exist for those who join this community and *Amazon.com For Dummies* gives you a smorgasbord sampling of what they are and how to take advantage of every one. For example you can: Set up an account and buy things; Bid on an auction; Sell your items; Personalize your shopping experience; Open your own online store; Join the Amazon.com community. Written by Mara Friedman who has held several positions with Amazon.com including marketing communications manager, *Amazon.com For Dummies* takes you from your first venture into the Amazon, all the way to making money from your Amazon.com experience. Discover how to: Find your way around the marketplace and scout out the best deals; Get local movie showtimes; view restaurant menus; chat with other shoppers; send free e-cards or sign up for a free reminder service; Track orders and manage your account; Browse specialty shops and check out international merchandise; Take advantage of reviews from other shoppers; Set up and use wish lists for yourself and your friends; Create your own online Zshop; set the right prices and take photos that help sell your items; Take advantage of the Amazon.com Advantage or become an Associate. Whether you're a complete novice who'd like a guide to help you with your first online purchases or a longtime Amazon.com shopper who wants to become an online entrepreneur, *Amazon.com For Dummies* has what you need. Use it today to get started and tomorrow to help you manage your own successful online business.

Amazon's Dirty Little Secrets Greg Jameson, 2014-08-01 Many people believe that Amazon's success is the direct result of a strong user shopping experience. This however is only part of the reason why Amazon is the number one ecommerce company in the world for almost two decades. The real reason behind Amazon's success is that they have mastered the art of getting other people to market and sell for them. From affiliate partners that drive traffic to online reviews and ratings where customers tell other customers why they should buy a product to getting free publicity from shows like Oprah or 60 Minutes, Amazon is the online company to emulate. *Amazon's Dirty Little Secrets* will show you how you can accomplish this for your company. Amazon's Dirty Little Secret is getting others to do their marketing and sales for them. This is so powerful that Greg created an acronym using the word POWER: P Plenty of traffic; O Offer something for free; W Win their trust; E Engaging experience; R Request an action. Additional tips and secrets. Anyone engaged in Internet sales and marketing will benefit from the specific examples in this book.
