state to act on behalf of all citizens not just the partisan or the powerful Of interest to political scientists and political philosophers alike *Democratic Failures and the Ethics of Democracy* sheds light on an increasingly troubled democratic ethos and proposes solutions for how ordinary citizens can work to save it **Deviant Behavior** Erich Goode, 2015-08-20 *Deviant Behavior* 10 e by Erich Goode provides a comprehensive study of the behavior beliefs conditions and reactions to deviance giving students a better understanding of this phenomenon Deviance is discussed from the sociological perspectives of positivism and constructionism Readers will grasp the reason behind deviant behavior through the positivist perspective and why certain actions beliefs and physical characteristics are condemned through the constructionist perspective
