Dramatic Revisions of Myths, Fairy Tales and Legends Verna A. Foster, 2012-10-06 These new essays explore the ways in which contemporary dramatists have retold or otherwise made use of myths fairy tales and legends from a variety of cultures including Greek West African North American Japanese and various parts of Europe The dramatists discussed range from well established playwrights such as Tony Kushner Caryl Churchill and Timberlake Wertenbaker to new theatrical stars such as Sarah Ruhl and Tarell Alvin McCraney The book contributes to the current discussion of adaptation theory by examining the different ways and for what purposes plays revise mythic stories and characters The essays contribute to studies of literary uses of myth by focusing on how recent dramatists have used myths fairy tales and legends to address contemporary concerns especially changing representations of women and the politics of gender relations but also topics such as damage to the environment and political violence

Secret of the Muses Retold John T. Kirby, 2000 Precious repositories of ancient wisdom Musty relics of outmoded culture

Timeless paragons of artistic achievement Hegemonic tools of intellectual repression Just what are the classics anyway and why do or should we still pay so much attention to them What is the literary canon What is myth and how do we use it These are some of the questions that gave rise to John Kirby's *Secret of the Muses Retold* This new study of works by five twentieth century Italian writers investigates the abiding influence of the Greek and Roman classics and their rich legacy in our own day The result is not only a splendid introduction to contemporary Italian literature but also a lucid and stimulating meditation on the insights that writers such as Umberto Eco and Italo Calvino have tapped from the wellspring of ancient tradition Kirby's book offers an impassioned plea for the recuperation of the humanities in general and of classical studies in particular No expertise in Greek Latin Italian or literary theory is presumed and both traditional and postmodern perspectives are accommodated

The Shaping of Professional Identities, 2024-07-22 This thought provoking research anthology adopts a postmodern stance and fills in a gap of knowledge for the education of professional development in teacher education health sciences and the arts Allowing subjectivity and multiple voices the authors add to the intimate and negotiated knowledge of being and becoming indigenous architect mother teacher health researcher and supervisor In fifteen chapters the authors share knowledge of pain and reward in critical events in the realm of professional identity formation The book provides a selection of personal and far reaching stories and adds to the reflexivity of memories of critical events Contributors are Geir Aaserud sta Birkeland Bodil H Blix Sidsel Boldermo Mimesis Heidi Dahlsveen Nanna Kathrine Edvardsen Rikke G rgens Gj rum Tona Gulpinar Carola Kleemann Tove Lafton Mette B e Lyngstad Elin Eriksen degaard Anna Lena stern Alicja R Sadownik Tiri Bergesen Schei and Vibeke Solbue

Retelling Stories, Framing Culture John Stephens, Robyn McCallum, 2013-01-11 What happens to traditional stories when they are retold in another time and cultural context and for a different audience This first of its kind study discusses Bible stories classical myths heroic legends Arthurian romances Robin Hood lore folk tales oriental tales and other stories derived from European cultures One chapter is devoted to various retellings of classics from Shakespeare to *Wind in the Willows* The authors offer a general theory of what motivates the retelling of stories and how stories express the aspirations of a society An important function of stories is to introduce children to a cultural heritage and to transmit a body of shared allusions and experiences that expresses a society's central values and assumptions However the cultural heritage may be modified through a pervasive tendency of retellings to produce socially conservative outcomes

because of ethnocentric androcentric and class based assumptions in the source stories that persist into retellings Therefore some stories such as classical myths are particularly resistant to feminist reinterpretations for example while other types such as folktales are more malleable In examining such possibilities the book evaluates the processes of interpretation apparent in retellings Index included **Technologies of Memory in the Arts** L.
