Quick Start Myth Retelling:

Myths And Legends Retold: Princess Ilse, The Giant's Daughter Avril Sabine, 2017-07-18 Genre Myths And Legends Retold Short Story Norse Ilse's father is willing to do anything to keep her from the man she loves. She doesn't care he's a mortal. She's willing to do anything to prevent her father from keeping them apart. Although things aren't going exactly the way she'd hoped. This story was written by an Australian author using Australian spelling. Keywords: teen, young adult, myths and legends, short read, Norse myth, Undines and mermaids, adventure, ancient times, star-crossed lovers. *Myths of the Afterlife Made Easy* Annamaria Hemingway, 2011-06-16 Almost every religious mythology contains the primordial motif of death and rebirth and portrays the posthumous journey of the deceased following death. Myths of the afterlife exist in all cultures, including that of the ancient Greeks and Egyptians, Babylonians, Romans, and Celts, and continue to manifest in living faiths such as Hinduism, Buddhism, Judaism, Christianity, and Islam. Although human consciousness has evolved over time, the mystery of death remains beyond rational perception and gives rise to feelings of anxiety and uncertainty. Inquiring whether death may be a transition to rebirth requires looking back into the universal language of myth, which symbolizes the germ of life existing in an afterlife state. As will be shown, this ancient model of the otherworldly journey and resurrection continues to appear in the near-death experience.

Retelling Stories, Framing Culture John Stephens, Robyn McCallum, 2013-01-11 What happens to traditional stories when they are retold in another time and cultural context and for a different audience? This first of its kind study discusses Bible stories, classical myths, heroic legends, Arthurian romances, Robin Hood lore, folk tales, oriental tales, and other stories derived from European cultures. One chapter is devoted to various retellings of classics from Shakespeare to *Wind in the Willows*. The authors offer a general theory of what motivates the retelling of stories and how stories express the aspirations of a society. An important function of stories is to introduce children to a cultural heritage and to transmit a body of shared allusions and experiences that expresses a society's central values and assumptions. However, the cultural heritage may be modified through a pervasive tendency of retellings to produce socially conservative outcomes because of ethnocentric, androcentric, and class-based assumptions in the source stories that persist into retellings. Therefore, some stories such as classical myths are particularly resistant to feminist reinterpretations; for example, while other types such as folktales are more malleable. In examining such possibilities, the book evaluates the processes of interpretation apparent in retellings.
