Elements of Language, Grade 9 Odell, 2003 **Elements of Language** Holt, Rinehart and Winston Staff, 2000-08

Communication and Information Technology in (Intercultural) Language Teaching Mariusz Marczak, 2014-07-03

The topic of this book is in congruence with the current trends in foreign language education worldwide. On the one hand it tackles the concept and implementation of intercultural language teaching; on the other it analyses the circumstances in which information and communication technology may be utilised in the contemporary EFL classroom. Both intercultural teaching and Computer Assisted Language Learning (CALL) have been promoted by national and international educational documents in Europe, the USA and Asia and endorsed by international organisations including the Council of Europe and UNESCO. This book constitutes a pioneering attempt at establishing the role of ICT in English language and culture teaching within the Polish education system. However, the research instruments used within both research modules are applicable to other education systems worldwide while the results obtained have implications for intercultural and computer-assisted language education in international contexts. The research results presented in the book highlight to the broad EFL profession a wide range of issues relating to the use of ICT in the foreign language classroom. They also offer materials, writers, software designers and EFL teachers criteria with which to evaluate the intercultural component of CALL software.

Elements of Literature, 2000 State adopted textbook 2001-2007 grade 7 *Te Big Dreams Gr 1/2 Signatures 99*

Harcourt Brace, 1999 *Resources in Education*, 1998 *Treasury of Literature* Roger C. Farr, 1996 *English/language Arts Curriculum Resource Handbook*, 1992 *All Kinds of Friends* Roger C. Farr, Dorothy S. Strickland, Richard F.

Abrahamson, 1995 *Teaching the Canon in 21st Century Classrooms* Michael Macaluso, Kati Macaluso, 2018-11-01. The canon as much an ideology as it is a body of texts perceived to be intrinsic to the high school English classroom has come under scrutiny for maintaining status quo narratives about whiteness, masculinity, heterosexuality, ability and even those associated with American ideals of self-reliance, the good life and the self-made man. Teaching practices around these texts may also reinforce harmful practices and ways of thinking including those connected to notions of culture, literary merit and methods of reading, teaching and learning. *Teaching the Canon in 21st Century Classrooms* offers innovative critical ways of reading, thinking about and teaching canonical texts in 21st century classrooms. Responding to the increasingly pluralized, digitized global 21st century English classroom, chapter authors make explicit the ideologies of a canonical text of focus while also elaborating a pedagogical approach that de-centers the canon, bridges past and present, applies critical theory and celebrates the rich identities of 21st century readers. In using this book, teachers will be especially poised to take on the canon in their classroom and thus to open up their curricula to ideas, values, concerns and narratives beyond those embedded in the canonical texts.
