Sexchanger E B Schechter, 2020-12-14 It is days before high school graduation and close friends Brian and Joe and their girlfriends Lisa and Lana are so happy that nothing can bring them down. They all show up at their classmate Travis's house for a pre graduation party for the senior class. Suddenly a bright light interrupts the festivities. An alien ship has arrived and the students are all taken aboard it. The ship disappears but not before having a strange effect on Travis's parents who are uncontrollably driven to have wild sex. Meanwhile Brian, Lisa, Joe and Lana find themselves aboard the ship naked and hooked up to strange devices between their legs. The aliens have come to fulfill a fantasy that the four friends thought was a secret between them and their wildest dreams come true in an orgy of gender switching partner swapping pleasure. **His Fertile Encounters** Harmony Fuller, 2023-04-18 Gender Swapping The Final Frontier. It could have been a dream. A deeply sexual erotic dream that I just couldn't wake up from. It could have been but it wasn't. It was an abduction and that night I was probed and transformed into something even more foreign than an alien. I was changed into a willing fertile woman. Unfamiliar desires and sensations take over my newly formed feminine body as two hulking alien men come to ravage my womb and fill me with their seed. Wicked delights and out of this world pleasure await as I become a starship surrogate for an alien race. This collection includes all four surrogate alien encounters including His Fertile Abduction, His Fertile Encounter, His Fertile Exam, His Fertile Gamble. **Gender Swapped in Space** Alyson Belle, 2018-12-21 Captain James T. Mitchell and his co captain Lana King made one of the bravest sacrifices in human history when they volunteered to have their brains scanned and bodies frozen by the U.S. Human Preservation Service. In the event that mankind was ever in danger of extinction they would be unfrozen to carry out their sacred mission: Restarting the human race. Now thousands of years in the future, James is awoken from cryo sleep by a strange alien species to discover that humankind is long dead and the aliens are encouraging him and Lana to do exactly what they swore to. There's just one problem. James and Lana have awoken in the wrong bodies. Lana is determined to carry out their mission as planned but James never expected that he'd be the one to have to do the woman's job. It all seemed easier when Lana was taking care of that. Can James adjust to his new life as a woman and carry out the mission he swore to accomplish or is he going to solve the mystery of how this happened and get back into his old body before Lana manages to talk him into staying the way they are? If James can't find a way out of this, he might just end up being one of Lana's cosmic harem girls and end up as a space babe forever.
