The Oxford Handbook of Shakespearean Tragedy Michael Neill, David Schalkwyk, 2016 The Oxford Handbook of Shakespearean Tragedy is a collection of fifty-four essays by a range of scholars from all parts of the world bringing together some of the best known writers in the field with a strong selection of younger Shakespeareans Together these essays offer readers a fresh and comprehensive understanding of Shakespeare tragedies as both works of literature and as performance texts written by a playwright who was himself an experienced actor The collection is organised in five sections The opening section places the plays in a variety of illuminating contexts exploring questions of genre and examining ways in which later generations of critics have shaped our idea of Shakespearean tragedy The second section is devoted to current textual issues while the third offers new critical readings of each of the tragedies This is set beside a group of essays that deal with performance history with screen productions and with versions devised for the operatic stage as well as with twentieth and twenty-first century reworkings of Shakespearean tragedy The book's final section seeks to expand readers' awareness of Shakespeare's global reach tracing histories of criticism and performance across the world Offering the richest and most diverse collection of approaches to Shakespearean tragedy currently available the Handbook will be an indispensable resource for students both undergraduate and graduate levels while the lively and provocative character of its essays make it required reading for teachers of Shakespeare everywhere

Animating the Antique Sarah Betzer, 2022-01-28 Framed by tensions between figural sculpture experienced in the round and its translation into two-dimensional representations Animating the Antique explores enthralling episodes in a history of artistic and aesthetic encounters Moving across varied locations among them

Rome Florence Naples London Dresden and Paris Sarah Betzer explores a history that has yet to be written that of the Janus faced nature of interactions with the antique by which sculptures and beholders alike were caught between the promise of animation and the threat of mortification Examining the traces of affective and transformative sculptural encounters the book takes off from the decades marked by the archaeological art historical and art philosophical developments of the mid eighteenth century and culminates in fin de siècle anthropological psychological and empathic frameworks It turns on two fundamental and interconnected arguments that an eighteenth century ontology of ancient sculpture continued to inform encounters with the antique well into the nineteenth century and that by attending to the enduring power of this model we can newly appreciate the distinctively modern terms of antique sculpture's allure As Betzer shows these eighteenth century developments had far reaching ramifications for the making and beholding of modern art the articulations of art theory the writing of art history and a significantly queer *Nachleben* of the antique Bold and wide ranging *Animating the Antique* sheds light upon the work of myriad artists in addition to that of writers ranging from Goethe and Winckelmann to Hegel Walter Pater and Vernon Lee It will be especially welcomed by scholars and students working in eighteenth and nineteenth century art history art writing and art historiography *Nouvel examen de l'usage général des fiefs en France pendant les XIe, XIIe, XIIIe et XIVe siècles...* Nicolas Brussel, 1750 *Ancient Mosaics* Roger Ling, 1998 This text traces the history of mosaics examining its chronological evolution from Hellenistic to Early Christian times and its regional variations Topics discussed include mosaic technique and workshop organization and the relationship of mosaic to other forms of interior design
