The Last House on the Block Sharon Cornelissen, 2025-11-11 Gentrification is not inevitable reveals Sharon Cornelissen in this surprising close look at the Detroit neighborhood of

Brightmoor and the harsh reality of depopulation and urban decline In the minds of many Detroit is undergoing a renaissance thanks to gentrifying urbanites who ve been drawn to the city with the promise of cheap housing and thriving culture But what happens when gentrification attempts to come to one of the most depopulated neighborhoods in the country a place where every other property in the neighborhood was a vacant lot and every third house stood empty To find out Sharon Cornelissen moved to the Brightmoor neighborhood of Detroit for three years and became the owner of a 7 000 house The Last House on the Block takes us to Brightmoor to meet Cornelissen s fellow residents She introduces us to the long time residents of the neighborhood who reveal their struggles to keep a home while keeping violence tall grass and yes gentrification at bay We also meet the eclectic white newcomers of Brightmoor and learn about their real estate bargains urban farms and how they became the unlikely defenders of urban desolation Where oldtimers take pride in neatly mowed lawns and hope for a return to residential density newcomers love the open space and aim to buy more empty lots to raise chickens and goats It is a story of gentrification but not at all in the usual sense it is a case of failed gentrification We often think about gentrification as an unstoppable force once the first white newcomers with yoga mats enter an often brown or Black community the coffee shops and restaurants follow But in Brightmoor the dreams of white newcomers met the harsh reality of decade long decline Nearly a decade after Cornelissen s fieldwork began Brightmoor is even emptier than it was when she started Today depopulation remains more common than gentrification in poor communities Cornelissen s story offers deep insights into what it is like to live in a declining neighborhood and through the example of Brightmoor Cornelissen reveals why depopulation continues and helps us imagine a more inclusive and equitable city turnaround
