Amponsah, 2025-06-13 This book examines post colonial curriculum transformation across seven African nations These are South Africa Egypt Cameroon Nigeria Zimbabwe Namibia and Ghana It investigates whether these educational systems have truly decolonized their curricula or still remain rooted in Western frameworks despite achieving political independence Through analysis of curriculum policies and teaching practices the authors explore educational reform dynamics in post colonial African contexts The book evaluates how successfully these systems have incorporated indigenous knowledge and local ways of knowing versus continuing to propagate Western paradigms The work provides both theoretical and empirical analysis of challenges and opportunities in rebuilding African education systems that reflect local cultural values while addressing modern educational needs
