

A movie poster for 'South of Hope Street'. The background is a dark, green-tinted landscape with jagged, mountain-like silhouettes. In the foreground, four people are standing on a rocky, uneven surface. From left to right: a person with long hair and a beard, wearing a dark jacket and a patterned scarf; a person with blonde hair, wearing a dark coat; a person with dark hair, wearing a plaid shirt and dark pants; and a person with dark hair, wearing a dark jacket. The title 'SOUTH OF HOPE STREET' is written in large, white, sans-serif capital letters on the right side of the poster. The text is arranged in three lines: 'SOUTH' on the top line, 'OF' on the middle line, and 'HOPE STREET' on the bottom line. The overall mood is mysterious and dramatic.

Time Rift: A completed reluctant hero dystopian sci-fi trilogy Claudia Blood,2021-03-15 The key to saving the world could be the one thing out of Duff's reach It's an impossible situation Time itself is coming apart at the seams and Duff and the Z Crew suspect the key rests with one girl Horizon The problem Horizon is the long-sought-after daughter of their nemesis Ravenne She stopped at nothing to retrieve her daughter from the past Now it's clear sending Horizon back is the only way to repair the rift but her mother won't let her go The underground artifact where they accidentally created the rift is crumbling No one will survive unless they can escape the mountain falling down around them

but time is shuddering and echoing around them and the way out isn't clear To make things worse thanks to the unpredictability of time rifts the crew now faces not just one mortal enemy there are two Ravnens working against them Will Z Crew escape Ravenne's clutches and set time right again or will Duff finally have to bend to his enemy's will Find out in the final installment of the Relic Trilogy **Horizon Found: A completed reluctant hero dystopian sci-fi trilogy**

Claudia Blood, 2021-02-15 Saving his family was only beginning Now Duff must save the world past and present Duff Roman might have managed to save the orphanage where he grew up but his trials are far from over A familiar enemy returns with a new threat and the very ground on which they battle is becoming increasingly unstable The time particles Relics and Seers that fuel the economy of Kalecca are disappearing at an alarming rate As if trying to save the world isn't hard enough Duff's efforts are complicated by the arrival of Willow a Seer who only increases the tension both with those who stand against him and within Duff himself With the world crumbling around him Duff needs help Teaming up with a long hidden group of scientists working to save them all he must fight against enemies who have banded together and decide where his loyalties lie One wrong move and everything he loves will disintegrate **Dystopia and Dispossession in the Hollywood Science Fiction Film, 1979-2017**

Harry Warwick, 2023-02-15 Offering a survey of Hollywood science fiction cinema from 1979 to 2017 from Ridley Scott's Alien to Denis Villeneuve's Blade Runner 2049 Dystopia and Dispossession in the Hollywood Science Fiction Film argues that the trajectory of Hollywood's dystopianism in that period is inextricable from the phenomenon of the new enclosures the new dispossessions and privatisations sweeping across the United States since the 1970s More precisely it contends that the critiques of such dispossessions elaborated before the turn of the century consider the satire of private policing in RoboCop 1987 the portrayal of commodified air in Total Recall 1990 and the nightmarish extrapolations of postmodern urbanism in Blade Runner 1982 and The Truman Show 1998 begin to disappear in films such as The Matrix 1999 The Island 2005 District 9 2009 Repo Men 2010 and The Purge 2013 the further commodification of land forest reservoir ideas even the human genome having diminished the contrast between capitalist and non-capitalist spaces on which the earlier critiques depended Bringing close readings of blockbuster films into dialogue with historical and theoretical scholarship on dispossession Dystopia and Dispossession in the Hollywood Science Fiction Film proposes a new understanding of the politics of science fiction in particular and utopian thought in general **Sci-Fi Boxed Set: 10**

Dystopian Novels & SF Classics Edward Bellamy, 2018-04-27 This utopian sci-fi boxed set comprises 4 novels and 6 stories from one of the genre's pioneers Edward Bellamy including classics such as Looking Backward 2000 1887 and Equality Novels Looking Backward 2000 1887 Equality Dr Heidenhoff's Process Miss Ludington's Sister Short Stories The Blindman's World The Cold Snap A Summer Evening's Dream With The Eyes Shut At Pinney's Ranch To Whom This May Come

Female Rebellion in Young Adult Dystopian Fiction Sara K. Day, Miranda A. Green-Barteet, Amy L. Montz, 2016-04-15 Responding to the increasingly powerful presence of dystopian literature for young adults this volume focuses on novels

featuring a female protagonist who contends with societal and governmental threats at the same time that she is navigating the treacherous waters of young adulthood The contributors relate the liminal nature of the female protagonist to liminality as a unifying feature of dystopian literature literature for and about young women and cultural expectations of adolescent womanhood Divided into three sections the collection investigates cultural assumptions and expectations of adolescent women considers the various means of resistance and rebellion made available to and explored by female protagonists and examines how the adolescent female protagonist is situated with respect to the groups and environments that surround her In a series of thought provoking essays on a wide range of writers that includes Libba Bray Scott Westerfeld Tahereh Mafi Veronica Roth Marissa Meyer Ally Condie and Suzanne Collins the collection makes a convincing case for how this rebellious figure interrogates the competing constructions of adolescent womanhood in late twentieth and early twenty first century culture

Transhumanist Dreams and Dystopian Nightmares Maxwell J. Mehlman, 2012-10-01 What will happen when technology allows us to direct our own evolution Transhumanists advocate for the development and distribution of technologies that will enhance human intellectual physical and psychological capacities even eliminate aging What if the dystopian futures and transhumanist utopias found in the pages of science journals Margaret Atwood novels films like Gattaca and television shows like Dark Angel are realized What kind of world would humans have created Maxwell J Mehlman considers the promises and perils of using genetic engineering in an effort to direct the future course of human evolution He addresses scientific and ethical issues without choosing sides in the dispute between transhumanists and their challengers However Transhumanist Dreams and Dystopian Nightmares reveals that radical forms of genetic engineering could become a reality much sooner than many people think and that we need to encourage risk management efforts Whether scientists are dubious or optimistic about the prospects for directed evolution they tend to agree on two things First however long it takes to perfect the necessary technology it is inevitable that humans will attempt to control their evolutionary future and second in the process of learning how to direct evolution we are bound to make mistakes Our responsibility is to learn how to balance innovation with caution
