Review Sci Fi Dystopia:

Dystopia on Demand: Technology, Digital Culture, and the Metamodern Quest in Complex Serial Dystopias

Laura Winter, 2024-01-29 Serial storytelling has the advantage of unlocking rather than simplifying the complexities of digital culture With their worldbuilding potential TV series open up new artistic horizons particularly for the dystopian genre Situated at the nexus of dystopia complex TV and a metamodern cultural logic Dystopia on Demand Technology Digital Culture and the Metamodern Quest in Complex Serial Dystopias offers readers novel insights into the dynamics of serial dystopias in the contemporary streaming landscape Introducing the term complex serial dystopias to describe series that allow audiences to engage with the dystopian premise from multiple angles the book examines four Anglo American series including Black Mirror Mr Robot Westworld and Kiss Me First The in depth analyses trace the variety of ways in which these series offer critical reflections on the human technology entanglement in digital culture **The New Routledge**

Companion to Science Fiction Mark Bould, Andrew M. Butler, Sherryl Vint, 2024-06-13 The New Routledge Companion to Science Fiction provides an overview of the study of science fiction across multiple academic fields It offers a new conceptualisation of the field today marking the significant changes that have taken place in sf studies over the past 15 years Building on the pioneering research in the first edition the collection reorganises historical coverage of the genre to emphasise new geographical areas of cultural production and the growing importance of media beyond print It also updates and expands the range of frameworks that are relevant to the study of science fiction The periodisation has been reframed to include new chapters focusing on science fiction produced outside the Anglophone context including South Asian Latin American Chinese and African diasporic science fiction The contributors use both well established critical and theoretical approaches and embrace a range of new ones including biopolitics climate crisis critical ethnic studies disability studies energy humanities game studies medical humanities new materialisms and sonic studies This book is an invaluable resource for students and established scholars seeking to understand the vast range of engagements with science fiction in scholarship today Chapter 39 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license **Global Science Fiction**

Gary Westfahl, 2025-06-09 Science fiction represents a diverse community of writers and readers that spans the entire world This collection provides a global tour of the genre with essays about Latin American European African Arabic Indian Japanese and Chinese science fiction providing insights about how writers around the world have explored and reinvigorated the genre Essays by prominent critics from five continents inform about particular cultures and analyze representative texts by authors such as Tobias S Buckell Lourenço Mutarelli Stanisław Lem Masande Ntshanga Tawfiq Al Hakim Anil Menon and Cixin Liu The contributing scholars examine how national experiences have shaped these narratives which often differ strikingly from Anglo American science fiction An introductory survey of foreign language science fiction in

the United States endeavors to explain why so many of these texts have remained unknown to Anglophone readers An extensive bibliography lists numerous resources for further study of science fiction from various parts of the world
