

Memorandum

Dated: 14 January 2023

To: Sales & Marketing Group

From: Praveenkumar Revankar, Product Engineering

Subject: Delay in release timelines of Feature A and Feature B.

Purpose:

The purpose of this document is to notify the cross-functional group about sudden changes in release timelines of Feature A and Feature B and to reinform the group to reprioritize certain tasks for Sales and Marketing for the release.

Background/Context:

We have been working together on our key USP features 'Feature A' and 'Feature B' for targeting their release this quarter. Due to unforeseen circumstances, there is a change in the release timelines and the new timeline will be shared shortly in Scrum of Scrum meeting where a representative from Sales has been invited.

Action:

Even though it looks like a major setback and current activities w.r.t. The release can be paused, there are certain actions that have to be performed in this quarter. The same has been conveyed in Jira, marking the work items with labels "Q1_Paused" and "Q1_Must." Please reprioritize your internal activities based on the labels in Jira and ensure a final plan reflected in Jira on or before 30 January 2023.

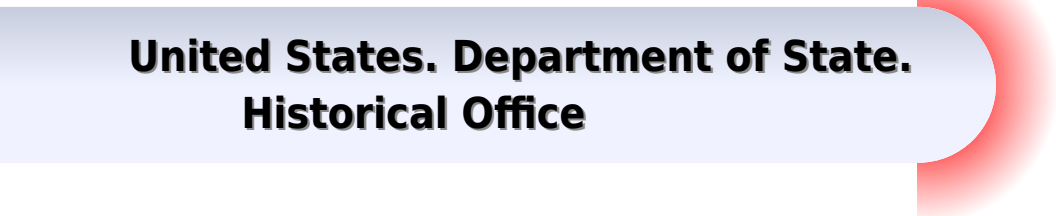

Conclusion:

We might be delayed with the release but we are not affecting the business. The necessary strategy is defined and put in place to ensure customers can solve their problems using our support until Feature A and Feature B release.

Thanks,
Praveenkumar Revankar

Re-licensing Great Britain: Parliament: House of Commons: ODPM: Housing, Planning, Local Government and the Regions Committee,2006-03-17 The Licensing Act 2003 brought ten existing licensing schemes administered by local authorities into one new regime and created more flexible licensing hours This report concentrates on the technicalities of licensing all those applying for a licence for the first time or needing a new licence under the Act had to submit applications by a certain date The transition period was in 2005 and it soon became apparent that people involved in the re licensing process were encountering difficulties The Committee finds that the Department for Culture Media and Sport DCMS has failed to administer the transition period effectively Despite a two year gap between the passing of the legislation and the implementation of the Act regulations and guidance were issued late and proved to be contradictory and confusing Local authorities were unable to train staff or prepare application materials in good time There was inadequate support from central government for local authorities Many licensing fees rose dramatically leading to concerns that some small businesses might abandon their licensable activities The regulatory burden on residents licensees and local authorities appears to have increased The government does not appear to recognise some of the issues hindering the smooth operation of the Act Overly prescriptive regulations and unhelpful constraints on local government structure are both causing difficulties **Deaths in Custody,Third Report of Session** Great Britain.
