... **Statistical Abstract** , **Corpus of Mesopotamian Anti-Witchcraft Rituals** Tzvi Abusch, Daniel Schwemer, 2016-04-18 Among the most important sources for understanding the cultures and systems of thought of ancient Mesopotamia is a large body of magical and medical texts written in the Sumerian and Akkadian languages An especially significant branch of this literature centres upon witchcraft Mesopotamian anti witchcraft rituals and incantations attribute

ill health and misfortune to the magic machinations of witches and prescribe ceremonies devices and treatments for dispelling witchcraft destroying the witch and protecting and curing the patient The Corpus of Mesopotamian Anti Witchcraft Rituals aims to present a reconstruction of this body of texts it provides critical editions of the relevant rituals and prescriptions based on the study of the cuneiform tablets and fragments recovered from the libraries of ancient Mesopotamia Now that we have the second volume we the more admire the thoughtful organisation of the entire project the strict methods followed and the insightful observations and decisions made Martin Stol in Bibliotheca Orientalis LXXIV n 3 4 mei augustus 2017

University Community Engagement and Lifelong Learning Julia Preece, 2017-07-13 This book offers a conceptual re think of how university community engagement functions as a lifelong learning resource for communities While having a specific focus on the South African context it has important implications for other universities which are concerned with their communities and makes a compelling argument for the university as a public good in spite of current trends towards marketization and commodification of higher education The book draws on a theoretical framework of capabilities asset based community development and the adult learning concept of dialogue to propose a model whereby the boundary walls of the university become metaphorically porous so that community members feel free to interact with the university as equal members of society A historical outline of African universities is provided as well as an exploration of the evolution of terms for community engagement service learning and learning cities and an examination of the policy and practice implications for the ideological model of a porous university

Teaching and Learning in a Digital World Michael E. Auer, David Guralnick, Istvan Simonics, 2017-12-26 This book gathers the Proceedings of the 20th International Conference on Interactive Collaborative Learning ICL2017 held in Budapest Hungary on 27 29 September 2017 The authors are currently witnessing a significant transformation in the development of education The impact of globalisation on all areas of human life the exponential acceleration of technological developments and global markets and the need for flexibility and agility are essential and challenging elements of this process that have to be tackled in general but especially in engineering education To face these current real world challenges higher education has to find innovative ways to quickly respond to them Since its inception in 1998 this conference has been devoted to new approaches in learning with a focus on collaborative learning Today the ICL conferences offer a forum for exchange concerning relevant trends and research results and for sharing practical experience gained while developing and testing elements of new technologies and pedagogies in the learning context
