Mission and Context Jione Havea,2020-06-30 Mission is contrived from and performed over lived contexts but the visions that guide and drive mission are oftentimes blinded by power position protection and plenitude This collection visits those matters with queering attention to the shadows that empires cast over the contexts of mission and to the collusion and complicity of Christians and churches

with empires past as in the case of Rome and present as in the case of the United States of America In the interests of those in mission fields who survived but continue to agonize under the burdens of empires the contributors to this work dare to re vision the course and cause of mission Writing from minoritized settings in Africa Asia the Americas and Oceania the authors interweave the principles and practices of mission with the opportunities in decolonial theology and hermeneutics minoritized and migrant Christologies repatriation and the courage to get up and get out indigenous insights and wisdom mission archives stories of resistance and endurance in zones of contact and violence restless souls and returning spirits and life centered spiritual en countering In Mission and Context as with previous volumes in this series empires do not have the final word nor are they the final world Transportation Systems Reliability and Safety B.S. Dhillon,2016-04-19 During day to day use thousands of lives are lost each year due to accidents directly or indirectly resulting from poor transportation system reliability and safety In the United States automobile accidents alone result in around 42 000 deaths per year costing billions of dollars to the economy each year A common subject in journal articles *Higher Education for and beyond the Sustainable Development Goals* Tristan McCowan,2019-08-29 This book analyses the role of the university in working towards the Sustainable Development Goals In contrast to the previous Millennium Development Goals higher education is seen to have a crucial role in this new agenda Yet how can the university fulfil these weighty expectations and are the dominant trends in higher education supporting or undermining this vision This book draws on the idea of the developmental university a model characterised by its porous boundaries with society and commitment to teaching research and community engagement in the public interest The author examines case studies from Latin America Africa and other regions to analyse how this model can be revived countering recent trends of marketisation status competition and unbundling The book also considers alternatives to the developmental model drawing on indigenous knowledge systems looking beyond the SDG framework to the creation of a new form of society This timely volume will be of interest and value to those working in the field of sustainable development and to students and scholars of comparative education international development and higher education studies
