University Pathway Programs: Local Responses within a Growing Global Trend Cintia Inés Agosti, Eva Bernat, 2018-06-14 This volume is the first to compile the insights of experienced and informed education researchers and practitioners involved in the delivery of university pathway programs These programs have emerged as effective responses to global national and local students needs when transitioning to Higher Education The book opens with an overview of the main drivers for the development of university pathway programs and a description of the main characteristics of such programs as well as of the different types of programs available It examines topics such as the way in which policy and governance issues at the institutional state and federal level affect university pathway programs financial models compliance and quality assurance mechanisms as well as program provision It also looks at how to address issues related to non traditional background students such as those from lower socioeconomic background students for whom English is an additional language EAL indigenous students mature age students and humanitarian entrants The volume showcases thirteen university pathway programs offered in Australia Canada New Zealand South Africa Qatar and the United Kingdom These examples provide valuable insights that will help guide future practice in the field as the programs described effectively foster and support the development of students academic literacies study skills and awareness of the socio cultural norms that are necessary to participate successfully in higher education settings In reporting the strategies to overcome challenges in the areas of curriculum development and implementation of equity inclusion and participation of cross sector collaboration and of student welfare the volume promotes reflection on these issues and therefore better equips those education practitioners embarking on the university pathway program journey *Smart Assisted Living* Feng Chen, Rebeca I. García-Betances, Liming Chen, María Fernanda Cabrera-Umpiérrez, Chris Nugent, 2019-08-20 Smart Homes SH offer a promising approach to assisted living for the ageing population Yet the main obstacle to the rapid development and deployment of Smart Home SH solutions essentially arises from the nature of the SH field which is multidisciplinary and involves diverse applications and various stakeholders Accordingly an alternative to a one size fits all approach is needed in order to advance the state of the art towards an open SH infrastructure This book makes a valuable and critical contribution to smart assisted living research through the development of new effective integrated and interoperable SH solutions It focuses on four underlying aspects 1 Sensing and Monitoring Technologies 2 Context Interference and Behaviour Analysis 3 Personalisation and Adaptive Interaction and 4 Open Smart Home and Service Infrastructures demonstrating how fundamental theories models and algorithms can be exploited to solve real world problems This comprehensive and timely book offers a unique and essential reference guide for policymakers funding bodies researchers technology developers and managers end users carers clinicians healthcare service providers educators and students helping them adopt and implement smart assisted living systems **Handbook of Research on Race, Gender, and the Fight for Equality** Prescott,

Julie,2016-03-31 Diversity in the workforce can be attributed to both a popular cultural shift and legislative intervention Despite these forces discrimination endures in all aspects of Western society from education to employment Unequal pay and opportunities for promotion are symptoms of a systematic discrimination of individuals based on race and gender The Handbook of Research on Race Gender and the Fight for Equality provides a critical look at race gender and modern day discrimination Focusing on workplace and educational dynamics the research found within this book addresses equal opportunity and diversity requirements from a myriad of perspectives This book is an essential reference source for professionals and researchers working in equality as well as managers and those in leadership roles Wildland Fire Smoke in the United States David L. Peterson,Sarah M. McCaffrey,Toral Patel-Weynand,2022-08-11 This open access book synthesizes current information on wildland fire smoke in the United States providing a scientific foundation for addressing the production of smoke from wildland fires This will be increasingly critical as smoke exposure and degraded air quality are expected to increase in extent and severity in a warmer climate Accurate smoke information is a foundation for helping individuals and communities to effectively mitigate potential smoke impacts from wildfires and prescribed fires The book documents our current understanding of smoke science for 1 primary physical chemical and biological issues related to wildfire and prescribed fire 2 key social issues including human health and economic impacts and 3 current and anticipated management and regulatory issues Each chapter provides a summary of priorities for future research that provide a roadmap for developing scientific information that can improve smoke and fire management over the next decade **A Research Agenda for Gender and Leadership** Sherylle J. Tan,Lisa DeFrank-Cole,2023-03-02 With contributions from global leading scholars this Research Agenda offers an interdisciplinary collection of ideas investigating gender and leadership where we are today and where we are going Using critical perspectives chapters challenge the way we think about gender and leadership by questioning the status quo **Proceedings of The Focus Conference (TFC 2022)** Manyane Makua,Mariam Akinlolu,Mashango Sithole,Phiwayinkosi Gumede,Cebo Nyondo,2023-02-08 This is an open access book It is a common cause globally that the abrupt emergence of Covid 19 wreaked havoc in all sectors including the higher education system The sudden closure of campuses as a social distancing measure to prevent community transmission has shifted face to face classes to online teaching and learning a transformative experiment for academics and students in most institutions This has thrown the focus on utilising Learning Management Systems LMS eLearning tools and platforms for effective student engagement which may have limitations of accessibility and affordability for many students The pandemic has exposed the shortcomings of the current higher education system and the need for more training of academics and practitioners in digital technology to adapt to the rapidly changing educational climate In the post pandemic situation eLearning and virtual education may become an integral part of the higher education system hence the question of re inventing higher education The higher education institutions and universities need to plan the post pandemic education and research strategies to

ensure student learning outcomes and standards of educational quality With the move to online teaching and learning subsequently traditional assessments followed and were adapted and adopted for online assessment Assessments lie at the heart of the teaching process It shapes students understanding of the curriculum and determines their ability to progress Reflections on assessments during Covid 19 abounded with the challenges that both academics and students faced regarding online assessments including cheating and quality assurance issues The focus on quality extended to the quality of teaching and learning in general Moreover the pandemic brought about the question of staff and student health and psychosocial support also became important For academics the abrupt shift to adapt to working from home and implementing online learning has led to over work low work life balance and compromised mental health With a view on constructive and futuristic discourse the sub themes of the 2022 Focus conference encapsulate the current realities in the higher education sector and beyond It further provides opportunities for an in depth analysis based on the benefit of hindsight and foresight The Organising Committee specifically coined the theme Re inventing higher education Insights trends and lessons learnt from specifically for the conference to reflect on and address the matters mentioned earlier Academics scholars and practitioners in the higher education sector are called upon to share their research and express their perspectives on the reinvention of higher education

Methods and Biostatistics in Oncology Raphael. L.C Araújo, Rachel P.

Riechelmann, 2018-04-16 This book introduces and discusses the most important aspects of clinical research methods and biostatistics for oncologists pursuing a tailor made and practical approach Evidence based medicine EBM has been in vogue in the last few decades particularly in rapidly advancing fields such as oncology This approach has been used to support decision making processes worldwide sparking new clinical research and guidelines on clinical and surgical oncology Clinical oncology research has many peculiarities including specific study endpoints a special focus on survival analyses and a unique perspective on EBM However during medical studies and in general practice these topics are barely taught Moreover even when EBM and clinical cancer research are discussed they are presented in a theoretical fashion mostly focused on formulas and numbers rather than on clinical application for a proper literature appraisal Addressing that gap this book discusses more practical aspects of clinical research and biostatistics in oncology instead of relying only on mathematical formulas and theoretical considerations Methods and Biostatistics in Oncology will help readers develop the skills they need to understand the use of research on everyday oncology clinical practice for study design and interpretation as well to demystify the use of EBM in oncology
