The Nexus Between ICT and Liturgy Emmanuel Chinedu Anagwo, 2023 In recent years there has been a groundswell of interest on how Information and Communication Technology ICT can best be harnessed to improve the efficiency and effectiveness of the Catholic liturgy Accordingly the book discusses the future of worship at a time of digital explosion in the Christian Churches as expounded through the lenses of the Second Vatican Council's interdisciplinary document titled *Inter Mirifica* While the nexus between ICT and Liturgy may seem obvious the deep connections and the many possibilities for the 21st century e worship are yet to be significantly explored When not handled well they will lead to cataclysmic destruction of liturgical heritage and patrimony Nonetheless exploring ICT for e worship the book advocates for adherence to guidelines in liturgical celebrations Hence the book discloses the meaning theology types prospects uses and abuses in ICT for digital worship This book will make a vital contribution not only to scholarship in liturgical studies in Africa but also as a catalyst towards a simplified consolidation to the practice of Christian worship in the world today

Sacramentality Renewed Lizette Larson-Miller, 2016-04-11 Tracing developments in sacramental theology over the past twenty five years this study explores a growing ecumenical dynamism in both the academic study of sacramentality and its centrality in pastoral applications But how does ecumenical excitement in a renewed discovery of sacramental theology fit with different theologies of church and different pastoral beliefs and practices How does the universality of academic accessibility in the form of an expansive ecumenical sharing of perspectives meet the particularities of pastoral reality and ecclesial polity Arguing in favor of fruitful ecumenical conversation this book also focuses on the crucial interaction of ecclesiology liturgical practice and sacramentality which raises the need for a creative tension between the particularities of a given ecclesial system and the catholicity of Christian sacramentality Using Anglican sacramental theologies and Anglicanism as vehicles of exploration this study contributes to an overview of the state of the field of sacramental theology in the twenty first century while challenging the assumption that one size fits all In sacramental theology as in other important areas of Christian life unity in diversity may be the basis for authentic lived sacramentality
