Jewish super apostles play in that conflict This book proposes a new solution it was Paul not his rivals who shot the first volley in the Corinthian conflict Paul s claims of unique authority for instance as the architect atop whose foundation all others must build 1 Cor 3 10 and the Corinthians father while others are mere pedagogues 4 15 would relegate other leaders to lesser positions His contention that accepting financial support put an obstacle before the gospel 9 12 would jeopardize the livelihood of apostles who relied on such support Finally Paul s claim that he becomes lawless to the lawless 9 21 or that circumcision is nothing 7 19 could throw into question Paul s own Jewishness cf 2 Cor 11 22 By reading the Corinthian correspondence against the grain imagining how Paul s letter might have backfired for an audience who did not yet take him as scripture this book explores how misunderstandings and misinterpretations can fracture church communities and cause a ripple effect of conflict and accusation
