Custer decided to go for broke After dividing his famed 7th Cavalry he ordered his senior officer Major Marcus A Reno to strike the southern end of the vast Indian encampment along the Little Bighorn River while Custer would launch a bold flank attack to hit the village s northern end Custer needed to charge across the river at Medicine Tail Coulee Ford We all know the ultimate outcome of this decision but this groundbreaking new book proves that Custer s tactical plan was not so ill conceived The enemy had far superior numbers and more advanced weaponry But Custer s plan could still have succeeded as his tactics were fundamentally sound Relying on Indian accounts that have been largely ignored by historians this is also a story of the Sioux and Cheyenne warriors Custer s last move was repulsed resulting in withdrawal to the high ground above the ford and it was here on the open and exposed slopes and hilltops that Custer and his five companies were destroyed in systematic fashion This book tells for the first time the forgotten story of the true turning point of America s most iconic battle Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home
