Alien Escape English Edition:

Alien Escape David Wilson, 2000-10 THIS fantasy tale puts forward a possible origin for demonic images and looks at how centuries of superstition can affect human thinking Alien Escape sets out to show how appearances can be deceptive just as in real life Influenced by the culture of his time 12th century English serf Jon Oakeley clings to the belief that the hideous creature that suddenly confronts him one night is a demon The Devil s messenger so he believes turns out to be his means of escape from a life of oppression The repulsive being is in fact an alien Keluron who proves to be a helpful character a genuine guardian angel armed with a lumatron But having made his getaway from serfdom Jon finds himself incarcerated with the alien in a sinister underground domain inhabited by unearthly beings and a giant alchemist The search for a way out leads Jon into a clash between good and evil in which he has much more to fear than the alien Alchemy plays a vital role in the outcome Alien Escape also offers a message that however dark and difficult things appear the weary traveller on life s road must hold fast to the hope of better times

Disavowal: The Metaphysics of Escape Jake Nabasny, 2019-12-04 Self Ego Subject these are the terms that philosophers have used to define that indelible mark of an individual At the same time however a counter current runs through the history of philosophy and culture that challenges the primordially and privilege of the purportedly self identical Subject This collection of texts from 2012 2018 traces the history of disavowal a line of escape from subjectivity Breaking free of the binary logic of affirmation negation these essays contend that a third possibility exists in the realm of human action disavowal Disavowal is a sly sidestepping of boolean responses an absolute negation that nevertheless posits an alternative course of action Posing that a refusal to participate in the current global capitalist order need not be a refusal of the world as such this collection engages in topics from Cartesian subjectivity to Sia s live performance of Chandelier these essays provide a timely meditation on an urgent question and illuminate a path forward
