Varasteh teaches the foundations of a comprehensive sexuality education for children and teenagers and answers the most common questions young people have about sex and sexuality. Contrary to popular belief, talking about sex and sexuality does not make young people more prone to sexual experimentation. This book provides research-based evidence for how a comprehensive sexuality education is important for children's safety, psychological and physical wellbeing. It identifies the barriers to having open conversations with children and teenagers and outlines methods for how to overcome them. With a focus on skills, the book addresses the building blocks of sexuality education and how to develop an environment of mutual trust. It outlines key topics for discussion and the skills that children need to develop to make healthy decisions about their sexuality. Complete with practical support including over 20 worksheets and a comprehensive list of tough questions from teenagers and suggestions for how to address them, this book is an essential resource for parents, carers and educators who are responsible for the health, safety and development of children and teenagers.

Two Way Teaching and Learning Nola

Purdie, Gina Milgate, Hannah Rachel Bell, 2012-01-01 Within the Education Revolution lies another quieter revolution that attempts to raise the profile and status and improve the learning outcomes of Australia's Aboriginal and Torres Strait Islander peoples, children, young adults, women and men. *Two Way Teaching and Learning* addresses the interface where two cultures meet in the classroom, the school and the community. Most of the contributors to this book are Indigenous and all are highly experienced practitioners drawn from academia, the teaching profession or the community. Together and through a diversity of voices, they put the spotlight on policies and processes that facilitate informed, respectful relationships in education as well as those that reinforce cultural inequity and inequality. The implications of policies that can be liberating or devastating for Aboriginal and Torres Strait Islander students at all levels are exposed and explored with forensic care.
