Not That It Matters A. A. Milne, 2016-12-08 An Eclectic Essay Collection from Winnie the Pooh's Father *Not That It Matters* is a collection of essays that appeared in a variety of newspapers at the beginning of the last century sort of an upper class mild mannered Dave Barry of the 20's Many were charming and generally humorous in gentle whimsical way as you might expect from the author of Winnie the Pooh Some were a bit dated such as the essay about the perfect walking stick or the one about pipe smoking and there is some use of some now unpolitically correct language but others felt just as current now as they must have been then such as the essay titled Intellectual Snobbery about the shame one feels about reading popular fiction as opposed to the classics or the one titled My Library about the eternal quandary of how to best arrange one's books These essays are probably best enjoyed a few at a time over days or weeks and not all in one go From Goodreads Get Your Copy Now

What's Wrong with Benevolence David Stove, 2011-07-19 Is benevolence a virtue In many cases it appears to be so But when it comes to the enlarged benevolence of the Enlightenment David Stove argues that the answer is clearly no In this insightful provocative essay Stove builds a case for the claim that when benevolence is universal disinterested and external it regularly leads to the forced redistribution of

wealth which in turn leads to decreased economic incentives lower rates of productivity and increased poverty As Stove points out there is an air of paradox in saying that benevolence may be a cause of poverty But there shouldn't be Good intentions alone are never sufficient to guarantee the success of one's endeavors Utopian schemes to reorganize the world have regularly ended in failure Easily the most important example of this phenomenon is twentieth century communism As Stove reminds us the attractiveness of communism the emotional fuel of communist revolutionaries for over a hundred years has always been exactly the same as the emotional fuel of every other utopianism the passionate desire to alleviate or abolish misery Yet communism was such a monumental failure that millions of people today are still suffering its consequences In this most prescient of essays Stove warns contemporary readers just how seductive universal political benevolence can be He also shows how the failure to understand the connection between benevolence and communism has led to many of the greatest social miseries of our age

time extremely visionary and far reaching The global community of process thinkers includes physicists biologists doctors political scientists educators activists philosophers theologians and other people devoted to rethinking their disciplines in the light of process philosophy This volume presents the cutting edge in the creation of a process worldview Leading scholars from all over the world gathered to discuss how process thinking can inspire us to rethink our lives Precise philosophical language and a unifying vision are applied to core issues such as politics society education and religion The book represents a bold move from academic philosophy into the realm of actual human lives
