Mythology of the Soul (Psychology Revivals) H.G. Baynes, 2015-04-10 Originally published in 1940 this classic study of two schizophrenic case histories further opened up the seemingly intractable problem of this condition a task preceded by Jung's own *Psychology of Dementia Praecox* It was Baynes's grasp of the meaning of the symbol coupled with his wide scholarship that enable him to explore the case histories in such remarkable and fruitful depth thus linking pathological psychology through graphic expression and the dream of the myths of mankind and the universal man This was truly a scientific task In case 1 the series of dreams fantasies and active imagination fully illustrated by the patient's spontaneous paintings suggested to him a kind of mythological imagery Baynes then demonstrates the emergence and development of a hero myth together with its therapeutic effect upon the patient as an inner personal experience of death and rebirth Baynes also applied the methods of synthesis to the understanding of modern art and its reflection of the spirit of the times a realization of the basic split in the socio religious structure of European Culture In case 2 the subject was an artist and out of his own split he seemed to have created a symbolic bridge that would be a therapeutic bridge for himself and a possible model for curing the evil of the times in which we then were living **Catalog of Copyright Entries** Library of Congress.

Kabbalah as Literature Gilad Elbom,2024-09-10 A perpetually creative platform kabbalistic literature challenges plain predictable or privileged interpretations of biblical narratives reimagining and reinventing familiar characters episodes and images Eve Esther and Judith for example embody the female aspect of the kabbalistic divinity as do several nameless women whose roles the Kabbalah augments and celebrates often in daring and surprising ways What allows the Kabbalah to revolutionize hermeneutical practices is its capacity to explore a wide variety of styles and genres drama poetry the fairy tale the picaresque novel the personal diary the dream journal surrealist fiction magical realism philosophical investigations modernist modes of expression and other storytelling strategies This book traces the development of kabbalistic literature from the late Middle Ages to the twenty first century while applying kabbalistic methods and sensibilities to the parables of Jesus the epistles of Paul and other related texts Despite its literary and theological sophistication the Kabbalah rarely promotes its unique version of the human divine story as a definitive account or an authorized version Refraining from favoring one meaning at the expense of others the Kabbalah offers a truly diverse and highly capacious program that serves as a potential antidote to the current division of
