Quiz Instructions

Please read the Anagene case (provided in the accompanying lecture accompanying quiz). There is no time limit for this quiz, but you are only allowed to complete it once. This quiz will be primarily a reflection of how well I encourage you to think carefully about the questions, and will benefit your learning of the material and your preparation for the in-classroom discussion.

Question 1

11 points

Many do you think the profit margin for Anagene's cartridges has been fluctuating? Is there attributable to the actual number of cartridges sold or the change in the number of cartridges sold? What are you trying to calculate the cost?

The actual number of cartridges sold has been fluctuating. The company would like to estimate the number of cartridges produced and sold at the beginning of the year per unit. This list is the estimated number of cartridges sold. The company would like to estimate the number of cartridges sold at the beginning of the year per unit.
