Desmond, 2016-08-18 The number of ways in which humans interact with animals is almost incalculable From beloved household pets to the steak on our dinner tables the fur in our closets to the Babar books on our shelves taxidermy exhibits to local zoos humans have complex deep and dependent relationships with the animals in our ecosystems In *Displaying Death and Animating Life* Jane C Desmond puts those human animal relationships under a multidisciplinary lens focusing on the less obvious and revealing the individualities and subjectivities of the real animals in our everyday lives Desmond a pioneer in the field of animal studies builds the book on a number of case studies She conducts research on site at major museums taxidermy conventions pet cemeteries and even at a professional conference for writers of obituaries She goes behind the scenes at zoos wildlife clinics and meetings of pet cemetery professionals We journey with her as she meets Kanzi the bonobo artist and a host of other animal artists all of whom are preparing their artwork for auction Throughout Desmond moves from a consideration of the visual display of unindividuated animals to mourning for known animals and finally to the marketing of artwork by individual animals The first book in the new *Animal Lives* series *Displaying Death and Animating Life* is a landmark study bridging disciplines and reaching across divisions from the humanities and social sciences to chart new territories of investigation **Theatricality of the Closet**

Michelle Liu Carriger, 2023-09-15 A richly illustrated exploration of fashion and its capacity for generating controversy and constructing social and individual identities Clothing matters This basic axiom is both common sense and in another way radical It is from this starting point that Michelle Liu Carriger elucidates the interconnected ways in which gender sexuality class and race are created by the everyday act of getting dressed *Theatricality of the Closet* Fashion Performance and Subjectivity between Victorian Britain and Meiji Japan examines fashion and clothing controversies of the nineteenth century drawing on performance theory to reveal how the apparently superficial or frivolous deeply affects the creation of identity By interrogating a set of seemingly disparate examples from the same period but widely distant settings Victorian Britain and Meiji era Japan Carriger disentangles how small local ordinary practices became enmeshed in a global fabric of cultural and material surfaces following the opening of trade between these nations in 1850 This richly illustrated book presents an array of media from conservative newspapers and tabloids to ukiyo e and early photography that locate dress as a site where the individual and the social are interwoven whether in the 1860s and 1870s or the twenty first century **Working Mother**
