Hands Down, Speak Out Kassia Omohundro Wedekind, Christy Hermann Thompson, 2023-10-10 Math coach Kassia

Omohundro Wedekind and literacy coach Christy Hermann Thompson have spent years comparing notes on how to build effective classroom communities across the content areas. How they wondered, can we lay the groundwork for classroom conversations that are less teacher directed and more conducive to student to student dialogue? Their answers start with Hands Down Conversations, an innovative discourse structure in which students' ideas and voices take the lead while teachers focus on listening and facilitating. In addition to classroom stories and examples, Christy and Kassia provide 28 micro lessons designed to help K-5 students develop and exercise their speaking and listening muscles. Inside Hands Down Speak Out, you'll learn how to build talk communities that are accessible to everyone, especially those whose voices are often traditionally left out of classroom discourse. Analyze classroom conversations in order to plan next steps for developing the classroom talk community. Plan and facilitate three types of conversations across literacy and math. Christy and Kassia believe that the development of dialogue skills is worth the investment of time, not only because it has the power to deepen our understanding of literacy and mathematics, but also to deepen our understanding of ourselves, our communities, and the world.

Cases of Successful Literacy Teachers Jan Lacina, Cecilia Silva, 2010-02-08 Highlighting practices used by exemplary literacy teachers in diverse schools across the nation. Using teaching vignettes, cases for exploration and research in the field, this text provides preservice and inservice teachers with effective research-based literacy strategies they can use to improve their practice to best serve students from diverse backgrounds. The cases, based in urban, rural, and suburban settings, help teachers make connections between classroom challenges and the research literature that can help them to become problem solvers and reflective practitioners. Each chapter follows a consistent format in supporting the link between research and practice and includes the following key features: Focus Questions: Help readers make associations between the chapter text and their prior knowledge and experiences. Reading Research to Know: Relates a vignette to research in the field. Inside the Classroom: Provides a detailed vignette of teacher instruction in literacy, followed by questions for discussion. Summary of Strategies Used: Helps teachers connect the vignette to classroom practice. Case for Exploration: Presents a classroom scenario along with questions for discussion.
