

Integrated Sustainability
and Financial Report 2023

Since our very earliest days, Ford has thrived on change and fresh thinking.

This year, as we celebrate our 100th anniversary, we welcome the opportunity to further evolve — to reimagine what we build, reinvent our workplaces, and better understand the people we serve.

We are helping to build — not just a better vehicle, but a better world. A world where every person is free to move and pursue their dreams.

People everywhere are looking to businesses for solutions and, as this report demonstrates, we are taking bold actions to build trust with our stakeholders globally and create value responsibly.

We are shaping the future of mobility — one that's inclusive, equitable and sustainable. And we are transforming our company keenly focused on people and the planet.

In Ford's third Integrated Report, we are building on more than two decades of leadership in sustainability reporting to share the progress we have made over the last year.

We recognize we have a long way to go, but we are definitively on the road to better.
