G. Heath Ph. D.,2009-08 Throughout my life The Lord has been my constant guide and companion and along the way I have found He has a sense of humor some of which I disclose in these pages Another thing no matter how far I have drifted from the straight and narrow The Lord remained with me along with attending angels and love does indeed cover a multitude of sins I can only account for my having lived as long as I have

on this basis The reader will understand what I mean once getting into this book Along my journey with the Lord I discovered many things one of them being Einstein s famous equation $E=MC^2$ is incomplete because it does not account for life and death yet these remain the two greatest mysteries they have ever been denying us thus far a theory of everything Some years ago I removed from the greater part of society to live in semi seclusion alone with my books and thoughts in a quiet part of the Sequoia National Forest devoting myself to contemplation speculating about many things and committing my thoughts in writing fulltime As a writer and author given to much introspection and fascinated by human behavior nature and our universe it was important to me to simplify my life as much as possible as anyone given to philosophical speculation about many things must That much of my writing covers some metaphysical thoughts about God angels and demons an afterlife and Biblical stories of origins of prophecies of the End Times and so much more have been absorbing studies as well and I freely share my thoughts about these in this volume
