Hundreds have opened over many decades and then closed thanks to changing tastes and the vagaries of a seasonal business. Manteo locals loved Miss Esther's, and midcentury visitors came to stay at the Sea Ranch and sample Alice Sykes's famed crab bisque. Residents will remember quirky favorites like the Pit and Papagayo's, the Seafare, The Oasis, and Kelly's, which were beloved by generations of families. Join Amy Pollard Gaw as she tells tales and presents classic recipes from gone but not forgotten spots.

Then weeks later I had a dream about the hard fudge we used to make back in the 1950s when I was growing up on the South Side of Chicago. And whatever happened to mayonnaise cake? My psyche was trying to tell me something. And this book is the result. What my psyche has called me to do is gather my goodies into this cookbook to pass on the recipes that my family members have used for their celebrations through many decades of the 20th century. I reviewed my dog-eared, batter-splattered recipe cards with all the chicken-scratched handwriting and decided it was time to commit these treasures to digital format. I want the next generation to delight their children and their children's children with these old comfort sweets, including home-made hard fudge, mayonnaise cake, pecan tarts, and prize-winning

Jud Userle a poor potato farmer's son from northern Maine became the hapless victim of a war in which he never really participated Three decades of his life had been taken from him and in that time it is ironic that the only real freedom he experienced was as a prisoner in northern Vietnam His eventual return to the United States led only to greater confusion accusations and extreme medical intervention Twenty five years after all that strife he was a simple slave of the land lacking true human contact with the world until another seemingly negative event made a one hundred and eighty degree turn and brought him back to the land of the living But with this also came the question Why did all this happen in the first place There had to be some plot behind it all and it became the focus of his next few months to uncover just what it was or who it was that had chosen to make his life hell Luckily this time he would not be alone in that search But even those who allied with him were an unusual assortment from differing arenas of public affairs *The Oxford Encyclopedia of Food and Drink in America* Andrew Smith, 2013-01-31
