both Nicole offers a new vision into the alien romance arena Her heroines are able to maintain a professional profile while falling for the hero who supports her in her role In addition the medical science was accurately reflected within her writing I am looking forward to reading more of this series from this refreshingly new author I read part 1 of this series and enjoyed Ty Kor and Lacy s story but I like part 2 even better I don t want to give away too much but the plots with the airplane and the Earth like planet were unexpected any showcased the author s superb story telling The main characters Maggie and Rex were those you root for as their love story unfolded As a nurse I liked reading about the alien medical advances Can t wait for part 3 I loved the first book and I have been checking every few days to see if the sequel was out and I was thrilled to find it It Alien Rescue was great It took a very different plot turn than what I was expecting but I really liked it This series has adventure great plots endearing characters and smokin HOT romance I absolutely recommend this series to those that like their Sci Fi with all of the afore mentioned qualities I am already excited for the next book I really liked this story The story line had different twist and turns and kept me interested the whole time This book was very different from the first book so I didn t just feel like the names had been changed and the story rewrote Very enjoyable I look forward to more from this author This was my first book by this author and I thoroughly enjoyed it I even went back and bought the first book in this series It has really good characters with very individual personalities I really like how the author builds up the romance into love and doesn t throw you into a sex scene I mean that happens with a WOW Theres suspense and action to keep you hooked The ending is a little surprising but I also love mysteries
