It S All About Me.... Juanita Johnson,2010-05-20 I like many others in this country was raised very very poor Thats not really what this story is about Actually thats part of it but the constant moving is the real story I cant remember all the places I have lived The longest we ever lived in one place is 5 years Mostly it was just a few months The ironic thing is that most of the moving was in California and each place close to the other They places were far enough apart we had to attend different schools but on the map they were close We lived in tents under a bridge along the side of the road The part about being along the side of the road was when I was very small and have no memories of those times However the bridge and the tents I remember Its an interesting read
