CHAPTER 1

AN INTRODUCTION TO TAXATION AND UNDERSTANDING THE FEDERAL TAX LAW

SOLUTIONS TO PROBLEM MATERIALS

DISCUSSION QUESTIONS

1. (LO 1, 4)
 - a. John must now document rental receipts and separate his home expenses between personal and rental use, and he may be subject to the transient occupancy tax.
 - b. Theresa has become self-employed. Now she will be subject to self-employment tax and may have to make quarterly installment payments of estimated income and self-employment tax. Theresa will be required to make payroll tax payments if she hires individuals to work in her business.
 - c. Paul's employer might have some moving expenses that it can deduct (in general, Paul cannot deduct moving expenses). Paul's personal taxes will change because Florida does not impose an income tax but California does.
2. (LO 1, 4) The income tax consequences that result are Marvin's principal concern. Any rent he receives is taxed as income, but operating expenses and depreciation will generate deductions that offset some or all of the income or even yield a loss. Marvin must also consider the effect of other taxes. Because the property is being converted from residential to commercial use, he can expect an increase in the ad valorem property taxes levied by the local (and perhaps even the state) taxing authorities. Besides the real estate taxes, personal property taxes could be imposed on the furnishings.
3. (LO 2) The statement is only partly correct. The Federal income tax on corporations was not a problem since it had previously been sanctioned by the Supreme Court. What had been declared unconstitutional was the tax on individuals as it applied to the *income from property*.
4. (LO 2) To finance our participation in World War II, the scope of the income tax was expanded considerably—from a limited coverage of 6% to over 74% of the population. Hence, the description of the income tax as being a "mass tax" became appropriate.
