ACSM's Health/Fitness Facility Standards and Guidelines-5th Edition American College of Sports Medicine, Sanders, Mary, 2019 ACSM's Health Fitness Facility Standards and Guidelines Fifth Edition presents the current standards and guidelines to help health and fitness establishments provide high quality service and program offerings in a safe environment. Revised by an expert team of professionals with expertise in architecture, health and wellness, law, safety-related practices and policies, and the health and fitness club industry, this authoritative guide provides a blueprint for health and fitness facilities to elevate the standard of care they provide their members as well as enhance their exercise experience. **Developing a**

Safety and Health Program Daniel E. Della-Giustina, 2009-12-17 Reflecting changes in the field during the ten years since the publication of the first edition, *Developing a Safety and Health Program* Second Edition examines the elements of a safety and health program and delineates how to incorporate them into an organization's safety efforts. It begins by defining safety policy and providing an overview of OSHA. **ACSM's Resource Manual for Guidelines for Exercise Testing and**

Prescription David P. Swain, ACSM, Clinton A. Brawner, 2012-12-26 ACSM's Resource Manual for Guidelines for Exercise Testing and Prescription was created as a complement to ACSM's Guidelines for Exercise Testing and Prescription and elaborates on all major aspects of preventative rehabilitation and fitness programs and the major position stands of the ACSM. The 7th edition provides information necessary to address the knowledge, skills, and abilities set forth in the new edition of Guidelines and explains the science behind the exercise testing and prescription. ACSM's Resource Manual is a comprehensive resource for those working in the fitness and clinical exercise fields as well as those in academic training.

Risk Management in Sport and Recreation John Otto Spengler, Daniel Connaughton, Andrew T. Pittman, 2006 *Risk Management in Sport and Recreation* is a comprehensive resource for those charged with the responsibility of providing for the safety of participants and spectators in a sport or recreation setting. It covers a range of safety issues including lightning, heat illness, aquatics, playground safety, drug testing, and medical emergency action plans. Readers receive clear and detailed explanations of issues to consider before making decisions on risk management. *Risk Management in Sport and Recreation* is designed to provide a foundation for approaching key issues in safety and risk management. It shows readers how to evaluate and analyze various safety issues and apply the underlying concepts to a variety of situations. The following are unique features of the text: A safety guidelines finder lists Web sites of accessible standards, guidelines, and recommendations from leading organizations; Chapter objectives and pullout boxes of key points and key statistics stress the importance of the topic under discussion; Threshold issues in each chapter highlight important factors to consider when making decisions on risk management; Real world applications at the end of each chapter present scenarios involving the potential for harm and readers must make a decision on how to address the issues; Examples of public service announcements, posters, and other publicly viewed safety information are presented; An appendix offers examples of emergency action plans, checklists, and

recommendations from organizations such as the National Lightning Safety Institute and university aquatic centers A companion Web site provides links to the Web sites used in the book as well as updates to guidelines and links that may occur after the book is in print The safety guidelines finder gives students and practitioners a single location from which they can easily access important safety information Organized under land based or water based activities each activity lists guidelines recommendations and standards along with the source for that information Each entry includes Web sites where readers can find the full documents The text also features sample guidelines and safety checklists from agencies and associations that demonstrate how organizations might plan for risk and communicate safety information Readers also consider the types of postings and equipment they will need in order to communicate their risk management plans and they are given real life situations in which a risk management plan is needed and are prompted to consider why and how to create a plan for such situations The resource will help students and professionals plan for and manage risk Current and future employees of sport facilities school athletic programs parks and recreation programs youth and aquatic centers or resorts and golf courses will find that Risk Management in Sport and Recreation provides the tools to assist in making the right decisions to manage risk effectively
