1. Materiality and relevance are both defined by

- a. What influences or makes a difference to a decision marker.**
- b. Quantitative criteria set by the Financial Accounting Standards Board.**
- c. The consistency in the application of methods over time.**
- d. The perceived benefits to be denied that exceed the perceived costs associated with it. - answer 1. (a) What influences or makes a difference to a decision marker.**

The requirement is to determine what defines materiality and relevance. Answer (a) is correct. Relevant information is capable of making a difference in a user's decision. Materiality is entity specific and related to relevance—if omitting it or misstating it could influence a user's decision. Therefore, materiality and relevance are defined by what influences or makes a difference to a decision maker.
