Gardening Eden Michael Abbate, 2009-03-17 Before the snake the apple and the Ten Commandments God created a garden Spiritual environmentalism did not start out as an oxymoron it was an invitation Yet today many believe God's first job description for humankind has been replaced by other worthier pursuits Why has this simple instruction become so controversial How does one sort through all the mixed messages Is changing our lives to save the world really our responsibility or even possible Gardening Eden invites you to consider a new spiritual perspective to practical environmentalism The question is not whether our souls find expression and inspiration in our incredible planet but how best to preserve that fundamental connection Green living is no longer a fad simple lifestyle solutions are now available to everyone Discover creation care as an act of worship and a call to deeper harmony with our Creator our fellow gardeners and our living Earth Gardening Eden is the primer in how this shift will transform not only our world but your very soul **U.S. News & World Report**, 2009 **Scientific and Technical Aerospace Reports**, 1994 *Radiation Data and Reports*, 1973 *U.S. Government Research Reports*, 1964 **Radiological Health Data and Reports** United States.
